

Palestine Not Seen As Jew Solution

PHILADELPHIA, Feb. 12 (AP)—J. Rosenwald, president of the American Council for Judaism, declared today the rosy pictures painted on Palestine as a solution to the problem of the Jews is a product of "imaginative fantasy."

Speaking to delegates from 22 states at the council's third annual conference, Rosenwald called upon members to "insist upon a solution based on the democratic idea that assures to Jews, as to all men, freedom and equality everywhere—no more and no less."

Rosenwald expressed belief the Zionists would accept a partitioned state if no solution more acceptable proves possible.

"I can conceive of nothing more lamentable," he said, "than a petty Jewish state, incapable of substantial help to those Jews who need new homes; capable only of unsettling and troubling the status of the large majority of Jews who will continue to live as citizens of other countries throughout the world."

Dr. Julius Grodinsky, president of the council's Philadelphia chapter, described the United States as "the spiritual and material bastion of Jewry the world over," and declared the future of Jewry throughout the world is dependent upon the strengthening of democratic forces and ideals in this country.

Sydney Toler Dies At Home

HOLLYWOOD, Feb. 12 (AP)—Sydney Toler, veteran stage and screen actor best known in recent years for his characterization of Charlie Chan, the Chinese detective, died today at his home. He had been bedridden by intestinal cancer for seven months.

The Missouri-born son of Col. H. G. Toler, famous Kansas breeder of trotters, ran away from home at 18 to go on the stage, and a year later had his own company.

He toured for several years with Julia Marlowe, won fame on the New York stage with David Belasco, and came to Hollywood in 1929. He was the author of several plays, including "The Dancing Master" and "Ritz," the latter with Viva Tattersall, who became Mrs. Toler in 1943 after the death of his wife of 18 years, Vivian.

In recent years, he had made more than 25 films of the Charlie Chan series, completing two of them simultaneously late last summer, so ill he could barely walk. His widow said that, despite an operation in 1943 from which he never fully recovered, Toler was unaware of the nature of his disease.

Klamath National Farm Loan Association Meets

The annual meeting of the Klamath National Farm Loan Association was held in the Willard hotel, Saturday, February 8. The association makes and serves loans for the Federal Land bank of Spokane in Klamath county and the county was well represented at the meeting by farmers and ranchers.

The meeting began at noon with a dinner for the members and their families and guests. The regular business meeting which followed was presided over by E. A. Geary, president, who pointed to the progress of the organization and the valuable credit services it has made available for local farmers and ranchers.

Secretary-Treasurer H. E. Hamaker reported on the sound financial position of both the association and the Federal Land bank of Spokane, as well as the joint financial statement of the 77 national farm loan associations which serve the four north-west states. Mr. Hamaker further said, "It is definitely noticeable that more farmers are now calling at my office at Klamath Falls to get their credit needs adjusted on a long-term basis, to properly prepare for the future."

J. R. Sisemore and Wm. Jinnette were elected as directors, and H. E. Hamaker was re-elected as secretary-treasurer of the association.

This year, 1947, marks the 30th anniversary of the establishment of the cooperative land bank system—30 years of leadership in the field of farm mortgage credit. Arnold Anderson, regional manager for Oregon, of the Federal Land bank of Spokane, told the association members.

"Because of this leadership and because the investing public

Armed Youths Escape Police

CHARLESTON, W. Va., Feb. 12 (AP)—Three youthful Chicago hoodlums, masked and armed with pistols, terrorized attendants and five customers at an east end lunch room early today and escaped with \$77.80 scooped from the cash drawer, police reported.

Detective Lt. L. B. Warren announced that one of the boys was captured 20 minutes after the holdup, a second escaped in a hail of gunfire, while no trace has been found of the third youth, believed to have been the leader.

Warren identified the captured youth as Francis Brassell, 16, of Chicago.

He said investigation had established the leader was 17 and the second youth who escaped while police fired at him was 15 years of age.

Flashes Of Life

POINTS FOR PIGEONS

CHICAGO, Feb. 12 (AP)—Pigeons flying around Chicago's loop—and there are thousands—are steering clear of the Northwestern railroad station when they want to take a rest.

On the station's ledges and window sills workmen are installing devices known as "pigeon repellants." They consist of upright U-shaped wire prongs which are fastened two inches apart on a wire frame.

Chief Engineer E. C. Vandenberg said the devices cannot injure the pigeons. But, he added,

they can prevent the birds from sitting in comfort on the ledges and sills.

MEMPHIS, Tenn., Feb. 12 (AP)—Dr. Carl H. McCasky of Indiana university's school of medicine prepared to address the Mid-South Post Graduated Medical assembly convention Tuesday on "The Significance of Hoarseness."

The meeting was interrupted for an announcement. Dr. A. F. Cooper, secretary of the assembly, could not attend. His trouble: hoarseness.

SALEM, Feb. 12 (AP)—Giving or receiving bribes in connection with athletic events would be subject to a maximum penalty of \$5000 fine and five years in prison under a bill introduced in the legislature by Sen. Jack Lynch, Portland.

Where are YOUR property lines ?

• Are they well established? Could you suffer loss? There are many reasons why ownership can be challenged. Take the case of the Thompsons.* A house in the middle of their block was sold. The new owners obtained a Commonwealth Insured Title. It later developed that a street widening program years before had taken five feet from the Thompson's corner lot, a change not recorded in their deed. Other lots had been gauged in relation to the two corner ones, leaving five feet of orphan land in the center of the block to which no one actually held title.

A new survey was made to clear up the title to the strip. A deed was obtained and the suit was paid for by Commonwealth. Everyone benefited because one family had a Commonwealth Insured Title. Make sure your property lines are protected. Ask your experienced realtor, attorney or banker about Commonwealth Insured Title.

* A true story except for the name.

GOOD NEWS FOR NEW CAR OWNERS

NEW "INDESTRUCTIBLE" TRANSPARENT PLASTIC SEAT COVERS

Custom Tailored For Your Car

Protect your upholstery better than with ordinary covers and you still enjoy the beauty of the original covering.

Easy to clean—impervious to snags, dust, alcohol, acid and flame-resistant.

ALLSTATE OIL ...it's Compounded

Millions of American motorists, and more daily, are changing from just "regular" oil to Allstate Compounded Oil. They realize its extra protection, recognize its lasting and better qualities, developed by the same advanced refining methods the Army and Navy specified for use in their tank, motor, and ship engines to win World War II.
