Stock Leaders In Minus Slot

NEW YORK, Feb. 18 (AP)—Gains in today's stock market were notably selective and many leaders failed to emerge from the minus division.

The direction was cloudy from the start. A few steels, rubbers and special issues added fractions to a point or more in the forenoon but top advances were reduced in the majority of cases at the close, with declines plentiful. Dealings slowed appreciably after a fairly active opening. Transfers of around 850,000 shares were among the low volumes for a 5-hour stretch in the past several weeks.

Pacific mills was an isolated strong spot, jumping several points on a substantial expansion of 1946 net. Eastman Kodak and Philco pushed up in the wake of boosted quarterly payments. Declaration of the first extra dividend in several years lifted Republic Steel.

Ahead were Bethlehem, Youngstown Sheet, Goodyear, Goodrich, Union Carbide, American Can and Douglas Aircraft.

Stumblers included Johns-Manville, American Telephone, Union Pacific, Chrysler, International Harvester, Air Reduction, Woolworth and Kennecott.

Bonds were narrow. Cotton, toward the finish, was up 5 cents to $1 a bale.

Wheat Futures Top Records

CHICAGO, Feb. 18 (AP)—New crop wheat futures reached new 27-year highs in today's trading when advances in the deferred deliveries broke through previous highs and touched off stop loss buying in the closing hour at the board of trade.

Corn moved upward with wheat, despite announcement that the Commodity Credit corporation was presently out of the Chicago and Kansas City markets, and was receiving bids only at Minneapolis for opening of lake navigation.

The constructive influence in the advance of wheat was announcement by the production and marketing administration that its buying price on flour is increased 10 cents per hundredweight. The new rates will be $6.00 per sack at gulf ports and $6.20 per sack at Atlantic ports for February and April shipments.

At the close wheat was ⅛ lower to 4½ cents higher, March $2.34½.
