KUHS Students Music Schedule

Students of Klamath Union high school who include music in their schedules often face demands for appearances that make for a busy time. As Andrew Loney Jr., director of music education in the city schools, expresses it—no small amount of the value of music education is concerned with the appearance of high school students in community programs.

Leading with the largest number of appearances is the KUHS band which made seven appearances during the first 18 weeks of school. A total of 22 full music programs was given during the first 18 weeks and this includes playing before lodges, service clubs and other groups but does not include programs given for school affairs, which were numerous.

Dates for the annual spring concert have been set for April 16 and 17, according to Mr. Loney. The concert this year will present many features and should prove to be the musical highlight of the year. All musical organizations are now in rehearsal for these concerts.

The concert band will also appear at the Fremont Junior high opera in the Fremont auditorium Thursday and Friday, March 13 and 14, and some of the youngsters in the band are picked for the Northwest Music Educators conference in Seattle March 19 to 22, inclusive. This is considered one of the highest honors to be won, and the conference is the first since the war. Those participating come from Oregon, Washington, Montana, Wyoming, Idaho, British Columbia and Alaska.

The Southern Oregon Music festival at SOCE, Ashland, is slated for April 25 and 26, and several groups from KUHS music department will participate.

Of interest to parents of young fry is the grade school music extravaganza which will be given April 11 in the KUHS auditorium. This is always fun for young and old alike.

Another group which interests music lovers is the first appearance in concert of the all-city boys' chorus and the all-city band in connection with final auditions of the Adler award. No date has been set but it will probably take place in early April. This concert will also include the presentation of ensembles and always draws a crowd both for general interest in music and hearing the young Adler contestants perform.

Concert Date

The first annual concert of the Klamath Choral society has been scheduled for Friday evening, May 2, in the KUHS auditorium.

The program will be divided into two parts, according to Andrew Loney Jr., director of the chorus, "The New Earth" by Henry Hadley, for solo voice and chorus will be the number sung.

Academy Presents Musicales

The Sacred Heart academy school of music will present another group of students Sunday, February 23, at 2:30 o'clock in the academy music hall. This time the "little ones" will play and sing. One particular feature on the program is the "Priscilla's Week" suite. There is much piano ensemble work in this recital which naturally lends variety to any musicale.

The following students ranging from four years of age to 10 will be presented, Marcia Hafter, Carol Ann Kandra, Mary Lou Sullivan, Judith Ann Brauner, Bonnie Mae Fieldler, Martha Carter, Roderic Van Buskirk, Julia Marie Berglund, Rosemary Spetz, Vicki Jan Roman, Marylyn Tracy, John Klein, Carol Ann Kupilik, Paula Anne Clark, Thomas Duke, Claudette Brandeisky, Judith Ann Pavlat, Mary Joan DeBel, Marian Mullin, Stuart Campbell, Gerald Burke, Alice McKendree, Stanley Lemire, Michael Laux, Charlene Stoecklein, Lee Pankey, Robert Balthazar, Jean Chin, Constance Faye Hood, and Kathleen Gallagher. The public is invited.

AN INSIDE STORY of a LIFE ASSURANCE SERVICE

The Balance Sheet of Canada's largest life assurance company reveals 1946 as one of the most progressive periods since the Sun Life issued its first policy 76 years ago, but figures alone tell little of the human story behind this great co-operative enterprise. For instance, last year over \$100 million was paid out in benefits. What did this mean to the thousands of policyholders and beneficiaries who shared it? Here in brief is some of the story between the lines:

During 1946 over \$11 million was paid in DEATH BENEFITS, providing a continuing income for widows and children and assuring financial security to thousands of homes.

Another \$10 million was paid in ENDOWMENTS, furnishing for many the cash or life income necessary to carry out long cherished plans.

BENEFITS PAID SINCE ORGANIZATION \$1,919,999,149

NEW ASSURANCES IN 1946 \$348,155,491

ASSURANCES IN FORCE \$3,573,132,753

\$14 million was disbursed under ANNUITIES and PENSIONS, bringing independence, security and contentment at a time of life which should be free of all worries and responsibilities.

The savings which Sun Life policyholders send to their Company in the form of premiums to provide protection against the hazards of tomorrow are invested in the nation's industries, in farms, homes and schools, in public utilities and Government Bonds, to be converted into employment and wages, thereby contributing to your economic stability, and that of many thousands of your fellow citizens.
