Stock Leaders Head Down

NEW YORK, Feb. 24 (AP)—The direction was downward for most stock market leaders today although pressure was lacking and dealings the slowest of the past month.

Retreating tendencies ruled after a fairly active opening. While the ticker tape frequently dozed, many pivotals yielded major fractions to better than a point. Extreme declines were reduced here and there by mid-day and scattered gainers appeared. Minus signs, however, were widespread at the close with many issues at the day's lows. Transfers ran to around 880,000 shares, smallest for a full session since January 22.

Norfolk and Western was an isolated strong spot, climbing several points. Persistent were Armour, Johns-Manville, North American and Standard Oil (N J).

Bonds were narrow for the most part. Cotton futures, toward the finish, were up $3.25 to $4.20 a bale. At Chicago wheat ended up 4 to 5¼ cents a bushel, corn 4¾c to 5½c and oats 1¾c to 2¼c.

Grains Score Wide Gains

CHICAGO, Feb. 24 (AP) — Grains scored wide gains in a broad buying movement on the board of trade today with deferred deliveries of wheat, corn and oats advancing to new seasonal highs.

New crop wheat futures soared as much as 8 cents at one time and corn, much stronger than in any recent session, was up more than 5 cents.

Buying of wheat was based on lack of moisture in areas of the southwest, causing some apprehension about the new winter wheat crop. Traders pointed out that in parts of Oklahoma no appreciable moisture had been received in six weeks.

Corn moved ahead under persistent demand on expectations that large quantities of this grain will be allocated to foreign countries in the second quarter, possibly taking the place to some extent of wheat.

A new record high for live hogs also was a factor in the corn advance.

Wheat closed 4 to 8¼ cents higher, March $2.36¼.
