Mrs. Berman Tells Of Spring Styles

Suits take on an entirely new personality for spring. Rippled and flared peplums hold the fashion spotlight. Cut-away fronts add a new touch of smartness. Jackets are longer in most of the spring suits, and skirts are slim, and longer, too. These style highlights are reported by Mr. and Mrs. Chester Berman of Craig's upon returning from the Los Angeles market.

Dresses display lavish use of better quality fabrics for the first time since the war. The lid is off and government regulations no longer restrict materials and styling.
