Martha
Shops and Shops

Antiques
are a specialty of the SIXTH STREET EXCHANGE . . . 619 Klamath avenue . . . where a large window display of glassware, china and other items of constant interest . . . both to collectors and those who cherish things of bygone days.

Most reminiscent of all, Martha thinks, are the decorative, old ball lamps that stood in grandma's company parlor . . . and really quite choice . . . is an old-fashioned hanging lamp, adjusted by a chain. Most of these have been "electrified" for safety's sake.

Mrs. Roland has obtained quite a lot of cut glass, including some of the horseshoe pattern many collectors are interested in . . . and has a few pieces of milk and vaseline glass. Other outstanding items include a Majolica pitcher, a silver caster with all the condiment bottles, Dresden china plates, demi tasse and moustache cups, and a marble-topped table that's in excellent shape. Prices are in accordance with age and value.

SIXTH STREET EXCHANGE . . . owned and operated by Mr. and Mrs. Harry Roland . . . is in the market for good, used furniture. The phone number is 7160.

Cable Knits
of soft pastels, cool and practical . . . flowered or checked jerseys . . . prints galore . . . bearing famous label names that MILLER'S proudly recommends . . . are filling the racks of the second floor ready-to-wear department these past Easter weeks . . . and most of these frocks, designed with the latest style details, can be worn all summer long.

Among the many lines of nationally advertised dresses in regular sizes are Lola of California, Reich, Ben Linder, L'Aligon, Demi-Tasse, Paula Brooks and Carolyn . . . and there's a casual or dressy type for every occasion.

MILLER'S . . . 512 Main . . . also caters to Junior sizes and preferences in the ready-to-wear . . . featuring some of the most outstanding creations in this field . . . the Doris Dodsons, Babs Jr., Joannettes and Darford Debs.

A Manicurist . . . Melva Byrkit, formerly of Minneapolis, has joined the staff of STUDIO OF BEAUTY where she will specialize in this phase of beauty work . . . and you can make appointments with her by calling 7151.

The best test of a fine, professional manicure . . . in case you hadn't thought about it . . . is not the loveliness of the patron's nails when she leaves the shop . . . but the durability of polish and nail grooming in withstanding the wear of household chores or office routine. A manicure is really a treatment for cuticle and nails . . . and most satisfactory results can be obtained by having one regularly once a week.

The personnel at STUDIO OF BEAUTY . . . on the mezzanine of Whytal's . . . includes Beryl, Olive, Steve, Melva and Fern.

Pure Silk Prints
lavish in coloring, beguiling in style . . . are getting the attention spotlight at LONG'S . . . because for so many seasons "pure silk" has been mostly a remember-when fabric.

Light as thistledown . . . these picturesque dresses, featuring the full, draped silhouette, are masterpieces in print, blending clear, flamboyant hues into pleasing designs . . . including several borrowed from the old Paisley pattern. All have either short or cap sleeves . . . and skirts are noticeably longer . . . a trend Dame Fashion insists is here.

In addition, LONG'S APAREL . . . 719 Main . . . has many other new arrivals in gorgeous print frocks of crepe or fine quality rayons . . . and blending of colors, such as those in the "Forbidden Fruit" design, is positively inspirational.

All Ski Wear
at THE TOWN SHOP has been reduced one-third to one-half . . . and inasmuch as there'll still be plenty of this sport at Crater lake for weeks to come . . . the sale is timely for outfitting yourself with nationally advertised togs . . . such as White Stag, La Croix and Sun Valley.

Everything's included from snow and wind resistant jackets, downhill pants or complete suits down to socks and mitts . . . in this reduction sale at THE TOWN SHOP . . . corner of Fifth and Main . . . and even if you feel you might not have enough use for them this season, remember another winter's bound to come!

For Ladies Only
is LAPIERRE'S HEALTH CENTER . . . located at 126 Payne street, overlooking Link river . . . now operated by Chloe Shipman and Swannie Pitcher . . . and it's just the place to take your taut nerves, fatigued or sore muscles for a medicated Vapobath and a wonderfully relaxing Swedish Massage.

Many of us have considered steam baths and massage in connection with reducing . . . but Martha learned that both are equally fine for nervous tension or for building up . . . as the type of massage depends on whether you wish to shed some pounds or whether you can't spare an ounce.

The whole process . . . from comfortable steaming in the Vapobath cabinet with oils . . . requires an hour. Treatments may be taken whenever you feel the need . . . but a regular course of two or three a week is naturally more beneficial.

Swannie and Chloe endeavor to keep evenings open for business women . . . but either daytime or evening appointments must be made in advance by phoning LAPIERRE'S HEALTH CENTER . . . 7157 . . . or by calling 7811 or 8765 after 5 p. m.

Footwear fashions for the relaxing hours have really gone fanciful, using spotted fur for harem-queen so slip pers, jewel tones or crystal clear lucite for mules and jewel studdings in hand-carved platform sandals.

Junior Washables
fresh and pretty as early crocuses . . . are now being displayed at WHYTAL'S in large, colorful assortment . . . and Martha noted that even these have adopted new style details that we've missed on inexpensive frocks these past few years.

Chambrey . . . which launders so beautifully . . . is right up front among the fabrics . . . and one of the sweetest is a quaint old-fashioned number with embroidered ruffles edging the Peter Pan collar and long, gathered sleeves. This dress comes in several shades, including coffee beige and sky blue.

Two other favorites among the chambreys at Whytal's are a youthfully gay stripe for summer days . . . and a neat shirt-waist frock of deep pink trimmed in chocolate brown, buttoning from collar to hemline, with back fullness and a big, letterbox pocket.

Plaid gingham are more vivid and varied than ever . . . and a nifty white cotton for campus wear uses a bright, raised plaid in rayon weave for distinction.

Adorable, indeed, are the sparkling chintz dresses with low necklines encircled by wide, ruffled collars and with short puff sleeves . . . and you'll find lots of clever, rayon washables . . . sizes 9 through 44 . . . in this bonny collection at WHYTAL'S . . . in the Medical-Dental building, Main at Ninth.

Daring colors and new woollens will appear in this Spring's topecots, but those pleasing pastels will still be popular, too, and the beige family will run the whole gamut from off-white to sunburn brown.

Eradicating Pests
the weed and bug varieties that plague us by spoiling lawns, shrubs or trees . . . is the business of ED GREENE who operates a pest control service and can do wonders with his modern chemical spraying methods!

Mr. Greene . . . who's had 10 years' experience in lawn problems . . . is taking orders now for Spring yard conditioning . . . and you'll find that his prices are reasonable with satisfaction guaranteed. Furthermore, in regard to tree spraying, he urges that neighborhood home owners place a group order . . . listing types of spray desired . . . whereupon equipment can be sent in and the work done at a very nominal cost.

Ed Greene maintains headquarters at Tulalake . . . phone 2013 . . . or you can dial 3268 here in Klamath Falls.

A Radio Salon
is the latest addition to RICKYS . . . and an invitation is extended to you to visit this new department which has added an artful touch to the appearance of the downstairs store . . . where many types of home appliances are now available again.

Displayed in a setting of cool pastels, against a background of lime drapes, are handsome radio consoles and consolettes, various sizes in table models and a few portables . . . bearing such famous names as Bendix, Zenith, Packard-Bell and Sentinel . . . but one of the best features about this salon is that sound effects are similar to those you'd get in a home . . . thus enabling you to distinguish tone quality better.

While shopping this week in the downstairs store of RICKYS JEWELERS . . . 700 Main . . . Martha was actually amazed to see several Norge, Gibson and Zenith refrigerators all lined up in a row . . . ready for immediate delivery!

"Crackerjack" . . . Helena Rubinstein's new Spring make-up color . . . is as gay as a day at the circus . . . and CURRIN'S has added all the items in this shade to its exclusive Rubinstein line.

Crackerjack lipstick, rouge and nail lacquer is a warm, sunny, rural red . . . the face powder a tawny-touched rosebeige . . . and there are two foundations, the glamorous Cream Tint and the new miracle Milkstone, the cake make-up with milk protein base that pampers your skin while it beautifies.

Madame Rubinstein works closely with fashion and has keyed Crackerjack to blend with or highlight such Spring fabric colors as "Firecracker" by Celanese or the new beige shade called "Honey".

Crackerjack face powder is available in three sizes for \$3.50, \$1.50 and \$1.00 . . . the lipstick retails for \$1.50 and \$1.00 . . . and the rouge at \$2.00 and \$1.00. The Cream Tint Foundation is priced at \$1.50, the Milkstone at \$1.00 and the nail lacquer at 60 cents . . . (all plus tax) . . . at CURRIN'S FOR DRUGS . . . the friendly drug store at Ninth and Main.

Sensitone Lotion
one of the many Germaine Montell beauty items . . . obtainable only in the cosmetics department of LaPOINTE'S . . . is a perfect foundation for sensitive or teen-age skins . . . and Martha thinks that school girls, in particular, who take pride in a smooth, translucent complexion, will be interested in this light-bodied lotion . . . in shades of natural, muted rose and bronze.

Thelma Davis, in charge of this department, is well versed in the blending of skin coloring and textile shades since her recent attendance at a Germaine Montell school in San Francisco where this was stressed . . . and will gladly assist you in selection of the correct lipstick, rouge and eye shadow to wear with this Spring's startling new colors.

The Montell line certainly has a variety to choose from . . . including 15 different reds in lipstick . . . 10 eye shadows! That exquisite Crepe de Chine perfume . . . made and bottled in France . . . has finally arrived at LaPOINTE'S . . . 507 Main . . . and the matching cologne is expected most any time.

Tru-Hawaiian
Pineapple Jam is a new delectable on the "spreads" shelf at PINE STREET MARKET . . . which, by the way, is loaded with a wonderful selection of preserves and jellies . . . including a quantity of those Oregon-made Dickinson products with the homemade flavor . . . Wild Blackberry, Strawberry, Raspberry and Youngberry jams, Concord Grape, Blackberry and Raspberry jellies.

The Market has received another shipment of Marmalades Broiled in Butter in both three and six-ounce cans, particularly nice if you're entertaining . . . and that B and M Sweet Corn Relish is back again, the first since wartime. Norwegian-packed Sardines are arriving in quantity, too . . . and among other re-stocked items is Whitney's Chocolate Creamed Honey, a sweet the youngsters like.

Don McNeill on his Breakfast Club program has been stressing so consistently the marvels of Swift's Household Cleanser . . . in the polka dotted can . . . that you'll surely want to order this . . . now that it's available at PINE STREET MARKET . . . corner of Seventh and Pine.
