Elderly Man Burned To Death
 YAKIMA, March 14 (P)—Fear for the safety of his invalid wife brought death yesterday to Willard Barrick, 79. The elderly and long-time Yakima resident was burned to death when he entered his burning home in search for his wife. Earlier, neighbors had carried her to safety.

Broadhurst Said Guilty
 VALE, Ore., March 14 (P)—A circuit court jury took just three hours and 25 minutes to decide last night that comely Mrs. Gladys Broadhurst had induced a young cowboy to kill her husband and that she should be imprisoned for life.

Churchill Praises Truman Appeal
 LONDON, March 14 (P)—Winston Churchill, commenting on President Truman's appeal for U. S. aid to Greece and Turkey, said today: "No step that I have seen taken lately has more increased the chance of maintenance of world peace and world freedom."

He spoke at a conservative party meeting.

"If such a step had been taken by the United States before the last war it would have stopped it," Britain's wartime prime minister declared. "If it had been taken after the first war, still more would it have stopped it."

"If it had been taken before 1914, peace might have been preserved and we should have all been living in a far happier world."

Watch for Virginia Field in Paramount's "LADIES' MAN"

VIRGINIA FIELD advises:
 "Even when you're serving a crowd
 You can't make a bad cup of M-J-B"

Virginia Field tells you the secret of making Good Coffee in big batches

COFFEE IN LARGE QUANTITIES
 For 25 servings, use 2 1/2 cups of M.J.B. Coffee to 4 quarts boiling water. Moisten M.J.B. with cold water and tie in a freshly boiled square of doubled cheesecloth. Pop bag into the boiling water and bring the bag to a boil for three minutes. Remove the bag to a bowl for three minutes. Coffee grounds-filled bag before you serve. Coffee made this way can be kept warm without having its flavor impaired.

US: It's plain to see why you collect crowds, Virginia... and we know why they linger when you serve M.J.B. After all, the world's finest coffees go into M.J.B.'s delicious blend. And to keep it that way, we search the world for each year's best crops.

VIRGINIA: Very thoughtful of you, I'm sure. At least, I'm sure you can't make a bad cup of M.J.B. For I've found that whether it's a quick cup for breakfast, or a brimming potful for a party, that wonderful M.J.B. flavor is always rich and mellow.

US: Has anyone ever told you, Virginia, that you have a lovely voice... especially when it's saying nice things about M.J.B.? If you would only add that M.J.B.'s individual roast coaxes out all the goodness of each coffee bean, I would be music to our ears.

No finer coffee packed... we guarantee it

- Only the world's choicest coffee beans go into M.J.B.
- A special roasting process brings out all of M.J.B.'s flavor.
- M.J.B. Coffee is protected by a higher vacuum packing process.
- That's why we say there is no finer coffee on the market.
