

High Winds, Rain In Britain Cause 13 Deaths

LONDON, March 17 (AP)—A toll of 13 deaths and property damage of millions of dollars was levied by high winds which swept in from the Atlantic last night and blew themselves out over a still flooded and snow-bound Britain today.

Milder weather was forecast by the air ministry, although "considerable rains and gales" were expected tomorrow.

The night winds attained a velocity of 98 miles an hour at times, uprooting trees, derailing buildings and wrecking houses.

Most of the dead were victims of falling trees and debris. Five were killed when houses collapsed. A falling pipe killed

another, and two schoolgirls were crushed to death in a bus which was struck by a falling tree. A man was found dead this morning under a fallen tree outside his home near Leicester. Two cyclists caught in the gale were crushed by trees. Another victim died of head injuries after being bowled over on the street. Twenty German prisoners of war were seriously injured when a tree smashed in the roof of a hut at their camp north of London.

HOPPE VICTORY
CHICAGO — Willie Hoppe, who clinched fifth world's 3-cushion billiard title Friday

night, dropped his first game of 11-day meet in closing match to Art Rubin, Brooklyn, 50-42 in 38 innings. Hoppe's first money was \$2500, Rubin, second, got \$2000.
