Auto Workers Ask Pay Hike

LOUISVILLE, Ky., March 21 (AP)—The CIO United Auto Workers today formally asked General Motors corporation for a 23½-cent hourly wage increase for an estimated 225,000 GM production workers.

Union spokesmen said the proposed boost would bring the average wage of the company's production workers to 31.56½ an hour and would cost GM about $2,115,000 a week.

UAW sources based their computation on reports that GM workers now average $1.33 an hour. Some other sources set the earnings at $1.31.

GM was asked to grant the wage increase effective as of March 19, although the UAW-GM contract provides that no wage increase can be put into effect before May 31, without consent of the two parties.

Walter P. Reuther, UAW president and co-director of the union's GM department, presented the proposals to GM officials at Detroit today by proxy.

RUBBER HIGH

SINGAPORE, March 21 (AP)—Malaya's rubber exports in January were 67,504 tons, of which 17,751 tons went to the United States and 19,640 tons to the United Kingdom.

January production in the Malayan union was 52,570 tons, the third successive monthly total above 50,000. The postwar high was set last November with 54,-175 tons, the registrars of statistics said.

Stocks Show Broad Gains

NEW YORK, March 21 (AP)—Motors led a relatively broad upturn in today's stock market although dealings were exceptionally light most of the time and many pivotals failed to do much on the rising side.

Gains of fractions to 2 points or so predominated at the close. Transfers for the full proceedings ran to around 700,000 shares.

Norfolk & Western conceded 2 points and lesser declines were shown for Public Service of N. J., Allied Chemical, Westinghouse, Philip Morris and Dome Mines (in the wake of a dividend reduction).

Bonds improved. Commodities exhibited intermittent bursts of strength. Cotton, toward the finish, was up 30 cents to $1.75 a bale.

Grains Strong On Today's Market

CHICAGO, March 21 (AP)— Grains were strong on the board of trade today on buying which was based on indications that the government may shortly resume its corn purchasing program.

In addition, the market received support from a good demand for cash grain, a government forecast of a lower corn acreage this year and buying of flour for export by the production and marketing administration in the southwest.

Wheat closed 2 to 5½ cents higher, March $2.76.

Underground Takes Amnesty

WARSAW, March 21 (AP) —The Polish government announced today that so far 10,400 members of underground bands had accepted its post-election amnesty offer and have surrendered large supplies of arms and supplies.

Wladyslaw Mikolajczyk said the majority of the members of his opposition Polish peasant party who were arrested by security police preceding the elections January 19 had been released. He had estimated that 50,000 to 100,000 members of his party were taken into custody, although the government declared only 2000 had been imprisoned, mostly on charges of being connected with the underground.
