

Conciliation NLRB Face Battle Today

WASHINGTON, March 24 (AP)—Both the national labor relations board and the conciliation service faced battles for their very existence today as the house took up the \$1,586,780 labor department-federal security agency appropriation bill.

With two days of debate on tap two amendments were in the offing. One, democratic-backed, would restore conciliation service cuts.

The other, republican-proposed, would abolish the NLRB outright. Neither may be voted on until tomorrow, however.

Rep. Gore (D-Tenn.), told newsmen the democratic amendment will be offered to offset the action of the republican-controlled appropriations committee abolishing the job of director of the conciliation service and approximately 100 other top spots under the director.

The committee struck at the conciliation service after criticizing Director Edgar L. Warren and asserting that "anyone whose background may be subject to question" should not be employed by the government.

Warren had acknowledged during committee questioning that he once belonged to the American league for peace and democracy and the Washington bookshop, which the committee said are "communist inspired fronts." But he said he joined them "without any knowledge that they were communist organizations" and resigned as soon as he found out.

Five former members of the war labor board have rallied to Warren's defense, and house democratic floor leader Rayburn of Texas called the committee's action "utterly unjustified."

Solon Hits At Greek Loan

BALTIMORE, March 24 (AP)—The proposed loan to Greece is "a bad deal" and the Greek situation is "the reichstag fire in America," Senator Glen Taylor (D-Idaho) declared yesterday at a meeting of the Maryland Progressive Citizens of America.

The senator criticized what he called "the tendency to call everybody a communist who opposes the policies of the government." On the other hand, he said, "If you don't want to see America saddled with fascism, then you better get busy and do something about it because it is on the way."

Accident Victim Said Recovering

Mrs. W. C. Strong, 70, 1045 Pacific Terrace, is reported improving this morning at Hill-side hospital although suffering severely from shock following injuries received in an accident early Saturday morning near Barclay Springs.

Mrs. Strong has a badly broken left leg near the hip and possible internal hurts. Her husband, "Curt" Strong, driver of the car which overturned while en route home from a trip north, suffered minor hurts and bruises. He was not hospitalized. Strong retired as box factory superintendent of Weyerhaeuser Timber company in October of last year.
