

Draft Boards Give Figures

On announcement of the possible end of the selective service and draft boards on March 31, Klamath Falls board No. 1 and Klamath county board No. 2 have released their figures on selective service during the period of their existence. It was stressed, however, that the figures are not representative of all servicemen in the area as National Guardsmen and others were not required to register for service.

It was also pointed out that the deaths included servicemen who have died since their return home. A total of 13,792 men under the age of 45 were registered with both boards, 5796 of them entering the armed services. Of the men who entered the service, 4792 were discharged, 904 are still serving, and 94 are listed as dead. The city board alone showed a total registration of 5716, with 2596 entering the service. Of these, 2132 were discharged, 429 remain in the service and 35 are listed as dead. The county board had a registration of 8076, with 3200 entering the service. Discharges totaled 2666 with 475 still in the service and 59 dead. It is believed that a good many Klamath county men were registered with other boards in other cities.

Forest Land Opening Urged

WASHINGTON, March 25 (AP)—An Alaskan has urged a house public lands subcommittee to approve legislation to open huge national forest reserves to homesteading by veterans. Alvan J. Hannah, a cabinet maker, boat owner and teacher from Ketchikan, Alaska, said that southern Alaska and the fringing islands are rich with timber, game and fish, and contains much good agricultural land. "Right now, however, there are more bears than voters in Alaska," he said. Hannah testified on a bill by Reps. Lemke (R-N. D.), and Pedersen (D-Okla.), which would open virtually all lands, including forests, in southern Alaska to veteran homesteaders. The bill would create a new type of homestead to be known as a fur-farming claim.

Timber By-Products Study Continues

SAN FRANCISCO, March 25 (AP)—The western states council yesterday authorized its wood utilization committee headed by Fred Brenne, Eugene, to enlarge its study of timber by-products. Brenne told the council that "some \$25,000,000 is currently being spent to insure a perpetual increasing return from timber."

MANSLAUGHTER

PORTLAND, March 25 (AP)—John D. Palmer, 26, convicted of manslaughter in the slaying of Mrs. Jodie Redman, 33, at Vanport, was sentenced yesterday to 15 years in the state penitentiary and fined \$1000.

HIGH SCHOOL

News Notes and Comment

By MARY O'BRIEN

Walter Mails, Red Cross field man for the Pacific coast states, spoke to sophomores, juniors and seniors in an assembly today telling of his experiences with the Red Cross when he was with the army overseas in the South Pacific and the Orient. In connection with the Red Cross drive Honor society students were excused from school for house-to-house canvassing today. Those making the rounds today were Jody Bennet, Dorothy Collier, Betty St. John, Jean Stroud, Norma Puckett, Shirley Dalton, Margaret Bullard and Patsy Tilton. Friday another group will be excused for the same purpose.

Following discussion with class presidents and secretaries it was decided to initiate plans for the election of a queen of the southern Oregon invitational track meet to be held April 26. The three runner-up finalists would act as princesses for the affair. The plan, as it now stands, calls for the election by write-in vote of sixteen girls, four from each class, on April 7, the day we return from spring vacation. On the following day at 1 o'clock four finalists, one from each class, would be chosen. The final outcome then would depend on the number of tickets students from each class sold to support their candidate, each adult or student ticket counting a specific number of points for the candidate receiving the pledge.

Tomorrow the great production of "Lost Horizon" will be previewed to the students purchasing tickets for 30 cents. The annual student body play is the culmination of the year's efforts by the dramatics department and features the best of B. B. Blomquist's drama students. Respective divisions of Tri-Hi-Y chose their officers yesterday with the following results: The senior group has as its president Betty Glidden. Mary Brooks was elected secretary. Marilyn McLellan was voted to fill the office of chaplain. President of the division of junior girls is Emogene Ford. Donna Tenoski and Mary Lou

Armed Men Dump Milk

AMITE, La., March 25 (AP)—Thousands of gallons of milk today were seized by armed men who dumped the contents of six tank trucks in ditches on the outskirts of the city.

It was the first act of violence in a strike called 24 hours earlier by dairy farmers of several east Louisiana parishes (counties) in protest of a price cut declared by milk distributors. A reliable source estimated that 58 per cent of the state's milk production was cut off by the strike.

The six tank trucks were halted near the Amite city limits, shortly after 1 a. m., by men carrying shotguns and rifles. The drivers were forced to a lonely section of the road where truck drain valves were opened, flooding the ditches off the highway with milk.

Meantime at Independence, six miles from Amite, 700 gallons of milk were poured into the Tangipahoa river. The milk had been delivered to a pasteurization plant of the St. Charles dairy, a New Orleans firm, and was seized shortly after it arrived at the plant.

Mother Saves Six Children From Fire

OREGON CITY, March 25 (AP)—Mrs. Lyle Booth rescued her six small children from their blazing house yesterday, suffering burns on the hands and face. A gasoline stove sent flames roaring through the house. Mrs. Booth was burned as she ran from room to room to arouse the children. The husband, working near Roseburg, was absent. Neighbors planned a benefit party for the family.

In the 60 years since gold was discovered in South Africa, the area has yielded some 10 billion dollars worth of the precious metal.

Stanberry were chosen chaplain and secretary respectively. Merlene Burningham, Georgiana Clark and Marcella Murray were elected to fill the positions of president, secretary and chaplain respectively for the sophomore girls' group.

Government Delays Hospital Building

Just what the government has up its sleeve as the next move in the construction of a veterans hospital here on the Beaumont tracts in the Hot Springs section was a matter of conjecture today.

Due to numerous changes in plans the start of work here has been delayed at least four

months. As far as is known, no plans for the hospital have been accepted.

No Inquest In Fire Deaths

No inquest is scheduled in connection with the deaths of Harry Wright, 73, and his son Harold, 38, Klamath Indians, who died of burns when flames destroyed their farm house near Modoc Point late Sunday afternoon. The elderly Wright was burned to death in the house and Harold succumbed to burns at Klamath Valley hospital early Monday morning.

Final rites will be held in the chapel of Ward's Wednesday at 1:30 p. m. with the Rev. Harley Zeller of the Williamson River Methodist church officiating. Concluding services and interment will follow at the Wilson cemetery. Friends are invited.

The word "vegetarianism" came into use about 1847, applying to a diet excluding fish, flesh and fowl. Various sects later excluded all animal products including milk and eggs; others excluded all tubers grown underground.

Hail, Snow Confuse River Nimrods

Hail, snow and sunshine confused anglers along the Klamath river last Sunday. The river was roily and suddy and the fishing reported very poor.

Mr. and Mrs. Elmer Jarvie who cast their lines about 10 miles on the other side of Keno, reported a number of cars and

numerous fishermen along the river at this point, with no luck between them. Warming fires were built along the river banks and shivering fishermen spent much time huddling about them between watching their lines.
