IS IT REALLY YOURS?
Without an Insured Title you can't say property is really yours. Some day it might be challenged. The Smiths found that out. A young man sold them his big, roomy, old-fashioned house for their restaurant. The sale went through. The Smiths moved in. Later the seller's guardian claimed the sale was no good. The seller was a minor and could not give a valid deed. If a Commonwealth Insured Title had been ordered, the Smiths would have been warned in time to avoid this loss. Commonwealth Insured Titles are backed by a strong company that insures you against loss and defends your interests. To get this protection for a single premium, ask your experienced realtor, attorney or banker about Commonwealth Insured Title.
