## Fire District Election Set

Due to technical questions on the first election, another vote will be held on the selection of five directors of the suburban fire district on May 6, it was announced today.

Voting place will be at 5512 South Sixth street.

Candidate's office may file at the county clerk's office any time up to 10 days before the election. L. E. Judd, 5656 Denver avenue, has copies of the candidates' petitions.

Those who have indicated they will run include Judd, George Williams, L. Alva Lewis, William Metler, C. R. Bird, R. Griffith, C. L. Prather and Clyde H. Williams.

Time element in the legal proceedings of calling the previous election resulted in the technical question, and it was decided to hold another election.

## Flashes Of Life

**FRUITLESS ARGUMENT**  
KANSAS CITY, April 6 (AP)—The Southwestern Bell Telephone Co. plugged automatic phonograph devices into switchboards here which informed callers: "Because of a strike, we are accepting only emergency calls. If your call is an emergency, please flash your receiver hook until an operator answers."

Said one irate customer, who finally got an operator: "I listened to that man (the recording) for 20 minutes and then he took my nickel."

The company then changed the record so that it began: "This is a recorded announcement..."

## Cars Hamper Fire Engines

MERRILL—Automobile drivers who answer fire sirens as soon as the fire department does, are getting in the hair of volunteer firemen and some sort of action must be taken to put an end to the practice, if the department continues to give satisfactory service, department heads observed today.

Cars parked close to the fire truck are a hazard and hamper handling of hose and other equipment, and endanger both lives and property.

Members of the department today asked the public to park at a safe distance and to refrain from following too closely to trucks as they leave the fire hall.

## Dairymen To Form Improvement Group

Klamath dairymen met Saturday in the county agent's office and decided to form a Dairy Herd Improvement association in cooperation with Jackson county.

Eighteen herds were signed up Saturday, representing approximately 500 cows.

It was decided to cooperate with Jackson county as Klamath county didn't have sufficient number of herds signed up to form a full time association.

### WEATHER

**WASHINGTON AND OREGON**—Cloudy with light rain today, tonight and Wednesday. In west portions and cascades. Little change in temperature. Moderate to fresh south to southwest winds off coast.

**OFFICER ANNOYED, TOO**  
SPRINGFIELD, Ill., Apr. 8 (AP)—Virgil Lathrom, 21, obeyed again and again an order of Patrolman Fred Metzke to get out of a restaurant because he was accused of annoying other patrons.

After going out the revolving door just ahead of the officer, Lathrom went right back in—and out, and in and out. But Metzke kept up the futile chase in the doors until Lathrom fled down an alley.

When the patrolman returned to the restaurant an hour later he found Lathrom already there. He took another look at the revolving door and called two other officers to take up strategic guard position. Lathrom was booked on a charge of disorderly conduct.
