

# Lindbergh Urges Use Of Military

NEW YORK, April 14 (AP)—Charles A. Lindbergh says that his nation must help rebuild western civilization, even though it may require the use of military force, because "in a rock-atomic age, the welfare of other nations is more than important, it is vital to us."

Lindbergh, in a prepared statement issued last night, said that "in years past, we Americans could live securely behind our own defenses," but now, "no earthly distance is adequate defense against the latest weapons of science."

To a request for comment in connection with the anniversary of his historic New York-to-Paris flight 20 years ago, Lindbergh replied that he was "not interested in anniversaries but was concerned primarily with his obligation, as a citizen and one who had been outspoken previously, to make his position clear on America's foreign policy."

Recalling that seven years ago he had urged that western powers "refrain from war while Nazi Germany and communist Russia fought out their totalitarian ideas," Lindbergh said, "I plead again for a consistent American policy toward Europe."

## Homecoming Joke

Margaret Truman, daughter of the President, throws back her head and laughs at a quip by her father as he arrived at the Grandview, Mo., airport by plane from Washington for a visit with his mother, Mrs. Martha E. Truman, 94, recuperating from a broken hip. —AP wirephoto.

# Footprinters Hold Annual Meeting At Dorris Site

DORRIS, Calif., April 14 — The law of Northern California converged in force on Dorris last Wednesday evening when members of District No. 6 of the National Footprinters association held their meeting at the Homestead here, with Mr. and Mrs. Murray Marshall as hosts.

Nine towns of the Northern California area were represented by 30 members and five guests at the affair which began with a banquet arranged and prepared under the direction of the hostess, Mrs. Marshall, aided by Mrs. Carl Marshall and Mrs. A. O. Christian-son.

Main business of the meeting followed the dinner of the association which is made up of law enforcement, peace, administrative officers and others, was the selection of four delegates to the national convention which will be held in Denver, Colo., in June.

Those selected were Eddie Belanger of McCloud, Judge Bradley of Weed, Dewey Egan of Redding and Sheriff Ben Richardson of Yreka. The delegates were instructed to obtain without fail the designation of some town in District 6, preferably Dunsmuir, as the site of the national convention in 1949.

Dunsmuir was selected for the district meeting which will be held May 14. Plans were also discussed for a smoker and entertainment in the near future.

A professional entertainer from Klamath Falls entertained the guests during interludes with tap dancing, songs and accordion numbers. Group pictures were taken of the meeting, which will be sent to various clubs in the district.

As a memento of the meeting, each guest was presented with a miniature die-cut footprint, bearing the place of the meeting and the names of the hosts.

Towns of the district and members of those towns present at the meeting were: Dorris, Murray Marshall, Woodie Wilson, Klamath Falls, Mike May, Harry Warner, Elmer Kennedy, Hap Hepburn, Redding, Harry Welch, Dewey Egan, I. Kaplan, Gene Hickey, Tulelake, J. H. Brownfield, Ray Morasco, Bill Seigler, Mt. Shasta, Art Fink, Larry Lee, L. N. Lorenzen, Don Bennett, Grover Housh, Tom O'Connor, Dunsmuir, Jack Wyatt, I. A. Davis, C. O. Carlquist, Charles Huff, John Petty, McCloud, Eddie Belanger, L. E. Owens, M. Mooney, Weed, Judge Bradley, Yreka, Sheriff Ben Richardson, Game Warden Lou Olive. Guests were Frank Selarson and Bob Grose of Dorris, and Chief of Police Orville Hamilton, Sheriff Lloyd Low and Brady Narey of Klamath Falls.

# Snell Vetoes Old Age Bills

SALEM, April 14 (AP)—Governor Earl Snell today vetoed two old-age pension bills passed by the legislature, one which would have reinstated the so-called "pauper's oath" for old age pension applicants, and the other which would have given the state a preferred property claim against old age recipients.

The pauper's oath measure was enacted by the 1935 legislature, repealed in 1941, and re-enacted in the closing days of the 1947 legislature. It required that old age pension applicants take oaths that they had no financial resources.

The governor said the bill "would reinstate the so-called pauper's oath with its attendant confusion, clouded titles, grief and heartaches."

The other vetoed bill, the governor said, is loosely drawn, and that it would give the state prior claims against estates of all persons receiving assistance, including dependent children, blind persons, the aged, general relief cases, temporary medical cases, and also incompetents.

# Crater Lake Skiers Enjoy Sunny Weather Week-End

A good crop of sunburn was acquired by the 1336 sightseers and skiers enjoying the Crater Lake national park Sunday where the temperature reached 68 degrees at the highest and only dropped to 37 degrees at the minimum. At 8:30 a. m. Monday the mercury had already reached 50 degrees, according to the park weather report.

Only two casualties occurred during the day and they were minor ones. Don Fairchild broke the point off his ski about a foot from the end, on his third run down Knob hill in the morning, but was not injured. Another skier was treated for abrasions by Clifford Cain, vice president of the ski patrol, which was on duty as usual, running trails and watching out for accidents.

There were 326 cars at the park on Sunday and license plates from as many as 16 states were counted. The ski tow on Knob hill was in continuous operation to accommodate the large number of skiers enjoying the perfect weather, and the restaurant at headquarters ran out of turkey sandwiches and started serving sandwiches long before the day was over.

Four members on ski patrol Sunday besides Cain were John Merryman, Mr. and Mrs. Earl Clark and Raymond Baker.

Spring work at the national park is getting under way with plans to open the rim road as far as the lodge this week so that a crew of workers can start readying the lodge for summer visitors. Work will also be started soon on opening the east road from headquarters by Vida Falls to Lost creek, chiefly for the use of an insect control crew which will start operations early in May, working out from park headquarters.

# NSI Insurance Week Slated

In cooperation with a nationwide campaign to acquaint veterans with the advantages of their national service life insurance policies, Mayor Ed Ostendorf has proclaimed the week of April 28 to May 3, National Service Life Insurance Week.

In his official proclamation the mayor stated, "I call upon the citizens of this city, all civic groups and their leaders to assist the veterans administration and cooperating service organizations in disseminating information about national service life insurance to the veterans of this community."

Muskrats are sold for food, in city markets, under the name of marsh rabbit.
