

Scout Of Year Given Award

Boy Scout troop 16, sponsored by the Sacred Heart church, held its regular meeting April 15, and the Scouts were surprised by an impromptu attendance of the committee and the presentation by Otto Smith of the "Scout of the Year" trophy to Nicholas Long Jr.

Scout Long was selected to receive this award on the basis of advancement, leadership, attendance and living as a Scout during 1946. Although the selection was unanimous, the committee stated that a number of other troop members ran a close second.

Pictures were taken during the evening, and each committeeman present, Otto Smith, K. A. Moore, Charles Bailey, John McAndrews, Robert Brady, John Holsang and Stanley Pleser, gave short talks. The troop was commended upon the progress made during the past year under the leadership of W. G. Ely, scoutmaster, and Joe Bruner, assistant.

The Rev. Fathers T. P. Casey and John Delahunty attended and the balance of the meeting was spent by the boys constructing their pack boards for the coming Camporee.

Lewis Accuses Krug In Battle

WASHINGTON, April 17 (AP)—John L. Lewis declared today that Secretary of Interior Krug uttered "a falsehood" in charging the United Mine Workers with a lack of co-operation in the coal mine safety measures.

"That is one of Krug's characteristic slurs—a falsehood," the UMW leader told the senate public lands committee after Senator Dworshak (R-Idaho) read to him part of Krug's testimony at an earlier hearing.

The committee is investigating the Centralia, Ill., mine blast March 25 which killed 111 men. Lewis reiterated today the disaster was "due to the negligence" of Krug, boss of the government-seized pits.

"The nation cannot afford to continue to kill and wound with impunity the men who mine the nation's coal," he told the committee.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble is a tired kidney. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 pints a day. Frequent or scanty passages with a burning and burning sometimes shows there is something wrong with your kidneys or bladder.

WRA Building Allotment

ALTURAS, April 17—The following notice has been issued by the agricultural extension service here: "As requests for many of the buildings at the Tulelake relocation center have been received from growers associations in areas outside of Siskiyou and Modoc counties, the Siskiyou country farm production committee has been asked to advise the authorities at the Tulelake relocation center just how many of the buildings set aside for Siskiyou and Modoc will be allocated and contracted for. Therefore, in order to comply with this request it has been necessary to set May 15, 1947 as the closing for filing applications for these buildings by Modoc and Siskiyou farmers."

"It is the opinion of this committee that farmers who already have suitable housing facilities for their agricultural workers should henceforth be permitted to place orders for buildings to be used for other purposes, and the farm labor office personnel at Tulelake, Calif., has been authorized to proceed accordingly."
