Has your car got HUNGER PAINS?

... due to poor diet
Malnutrition saps, any car's energy, slows down its performance. You'll recognize the prevailing symptoms. Here's how easily ailing cars can be made happier by proper feeding.

PINGITIS

If your engine pinga protestingly, the condition is often pingitis, due to deficiency of octanes. To restore smooth operation, administer New Mobilgas Special by tankfuls.

HEATITIS

High temperature following only normal exertion is often the result of a diet of high octane only, without other essential elements of a balanced food. Regular diet of New Mobilgas Special helps keep temperature normal.

LACKAPEPA

When the patient refuses to roll over in the morning, the diet probably includes too many heavy elements. Use of a balanced fuel such as New Mobilgas Special provides extra energy at any time of day or night.

The Flying Horsepower you get from New Mobilgas Special results from the same type ingredients that gave the superior Fighting Power to our 100 Octane Aviation Gasoline. You cannot get a better balanced gasoline than New Mobilgas Special. Try a tankful today.

Girl Suffers Minor Hurts In Accident

Four-year-old Carvel Buck, daughter of Mr. and Mrs. B. H. Buck of 2012 Main, suffered minor hurts late Saturday afternoon when she was hit by a car operated by H. J. Laux, 119 Washington. The accident occurred at 5:15 p. m. and Laux took Carvel and her mother to Hillside where examination showed abrasions on the ankle and leg. Laux, in filing his report to city police, said he had driven into a driveway 300 feet from the Main street bridge and in backing out struck the little girl who had apparently crawled behind the car. Laux gave his occupation as engineer.

Home — Pauline Davis, clerk at Sears Roebuck company, was moved to her home today from Klamath Valley hospital.

Improving—Little 10-year-old Patricia Olsen, daughter of Mr. and Mrs. Ed Olsen, 1804 Ward, is reported improving today after an emergency appendectomy performed Friday afternoon.
