

Klamath Flying News

New Plane at Port
Murel Long, farmer and local pilot, has the first Navion to arrive here. The Navion is built by North American in Los Angeles with 185 HP and resembles the P-51 fighter plane built by the same company during the war. It is a four-passenger job with more room than usual. Dave Zumwalt, operator of Zum-

wait Aircraft, will have the agency for Navions here.
Hours Pile Up
Shasta-Cascade Flying Service has piled up 3800 flying hours for GI's between June 11, 1946 and March 31, 1947. There are 61 GI's taking flying lessons here now, 18 other flyers are enrolled in the

commercial course and four in the instructor class.
Aviation gas sales are reported picking up with the warm weather and transient planes are making daily landings.
About 10 visiting planes are reported daily, a great many on cross-country hops from the airport at Medford.
Hangar Space
Mervyn Wilde of Malin has rented hangar space at the Klamath airport for his new 1947 Stinson.
Agriculture by Air
Chet Stinson reports he will test hop his Piper cub with the new hopper he built himself, on Monday. He will make the test flight at the airport and spread lime to

test crop-dusting properties of his new invention.
The new type hopper will handle 2-4D, DDT and various dusts with a mixture of oil, also sow seed and spread fertilizer. Stinson plans to construct a liquid sprayer which can be installed in any plane.
Brand-Biotiers Beware
Riding the range through the air this week is Chester B. Leitchy, livestock theft investigator with the state department of agriculture.
Telephone Strike
Jack Lambert of Klamath Falls, telephone employe, has been stung by the flying bug and is taking advantage of time off during the telephone strike to add hours to his flying time.
Donald Hagg of Portland, chief engineering department of Pacific Telephone and Telegraph company, was checked out by Penny Payne today in an Ecoupe.
Allen McCabe flew to Chiloquin to give a student a check ride in the student's Taylorcraft.
Oregon Aircraft Service reports 25 students taking the private flying course and 10 in the commercial.

Naval reserve week is just a month away. Join now and take an active part in the naval reserve program. Your naval reserve recruiter can help you.

McKenzie River
Dragged For Body
EUGENE, April 21 (AP)—The McKenzie river was being dragged today for the body of Clarence Haynes, Cottage Grove youth who drowned late Saturday when he and a companion were experimenting with an air-propeller-driven boat.
Clark Wiltsey, Blue river, man-

aged to reach shore with the help of residents after Haynes was torn from his grasp by the swift McKenzie river current.
The boat capsized in the rough water.

NOTICE OF SPECIAL SCHOOL ELECTION

NOTICE IS HEREBY GIVEN to the legal voters of School District No. 1, of Klamath County, State of Oregon, that a special election will be held within the boundaries of said district, at the Fremont School Building located at 715 High Street, in Klamath Falls, Oregon, on the 12th day of May, 1947, from the hour of two o'clock p. m. to the hour of seven o'clock p. m., to vote on the question (1) of increasing the amount of the tax levy in said School District No. 1 for the fiscal year beginning July 1, 1947, and ending on the 30th day of June, 1948, on the taxable property within said District, more than 6% over the tax levy for the preceding year, and (2) of adopting or rejecting the following budget of estimated expenditures for said district for said fiscal year.

The reasons for increasing such levy are:
1. Increased cost of instruction
2. Increased cost of operation
3. Increased cost of equipment and supplies
4. Public Employees Retirement Act requirements

Attest: A. W. HESTON, District Clerk
E. S. ROBINSON, Chairman, Board of Directors

Flashes Of Life
A HELPING HAND
CHICAGO, April 21 (AP)—Patrolman Mike Bronson has received a \$5 payment he never expected.
About a year ago he lent that amount to a man who played a violin for handouts on the near north side. Yesterday he received a letter from New York with the bill enclosed. The writer said he now is running a successful music school in New York.

Next time, travel to PORTLAND or SAN FRANCISCO while you SLEEP

On your next trip to Portland or San Francisco, try Southern Pacific's popular night train. Stretch out in a roomy, comfortable berth and sleep soundly while the miles slip away under the wheels.
Next morning you're there, rested and refreshed — ready for a day of work or play. Overnight service returning, also. It's the safe, comfortable, time-saving way to travel. Economical, too.
Or you can ride in comfortable coaches at still lower fares. For fares, schedules or Pullman reservations, just call:
S.P.
The friendly Southern Pacific
Lloyd Hill, District Freight and Passenger Agent, Ticket Office, 3111

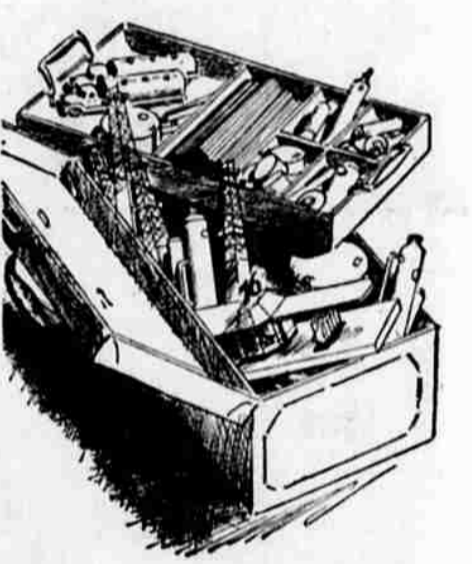

It's the tools that count

1. Before a man can produce much, he has to have "tools." A trucker can't haul very much without a truck. A machinist can't make very much without a lathe. A farmer can't grow very much without land and equipment. A merchant can't sell very much without a store.

2. So if a man sets out to earn a living, he either has to go into business for himself and provide his own "tools"—which takes money—or go to work for someone else who will provide the "tools" for him. Every man who goes to work at Union Oil, for example, has an average of \$44,300 worth of "tools" put at his disposal.

3. These "tools"—oil wells, refineries, drilling rigs, service stations, etc.—enable him to produce more petroleum products than he could manage on his own. And because he is able to produce more, he is able to earn more. 20 years ago, when each Union Oil employee had only \$19,500 worth of "tools," our average wage was \$163 per month.

4. Since then, "tools"-per-man have more than doubled; production-per-man has gone up 47%. Our average wage is about \$306 per month, and the working day is considerably shorter. Of course, the employee doesn't get everything the Company earns. A real incentive must be offered to the tool providers who make this progress possible.

5. This compensation, or shareholders' profit, averaged 5.85% last year on the money invested in the Company. And this is highly important. For profit provides the incentive to invest more money in tools, so that people can increase their production and increase their earnings.

6. That's why our American free competitive economy should always be aimed at improving this incentive for the investment of money in "tools." For only in that way can production-per-man and earnings-per-man continue to be far greater in this country than in any other in the world.
