

Wallace Says Jew Uprising Necessary

PARIS, April 25 (AP)—Henry A. Wallace declared today that a Jewish resistance movement in Palestine had been necessary to "arouse the conscience of the world."

Expressing faith that Britain would solve the Holy Land problem and hope that it would "carry out the original Balfour declaration," the former American vice president told a news conference that "there can never be peace in the world until justice has been done the Jewish people."

"I sympathize with the British and I deplore terrorism," Wallace said. "I have never believed in force of arms or force of money."

U. S. Tour
Wallace, winding up his European speaking tour here, today approved a tentative 18-date coast to coast lecture schedule in the United States. He said he would voice the views he expressed in Europe.

The tour will begin April 30 with a nationwide broadcast. Tentative dates for the remainder of the tour include: May 16, Portland, Ore.; May 19, Seattle.

Wallace was to leave by plane for the United States tonight.

(In Los Angeles, C. E. Toberman, president of the Hollywood Bowl, said the progressive citizens of America had been denied the use of the bowl for a speech by Wallace, but Robert W. Kenney, Southern California chairman of PCA, said the meeting would be held, "bowl or no bowl, even if we have to hold it in a telephone booth.")

Hell Gate bridge, New York City, is 13,553 feet long, but only 2735 feet span water.
