# Meat Price Cut Doubted

WASHINGTON, April 25 (AP) — The agriculture department predicted Thursday that meat supplies will not be large enough to cause a material price decline unless there is a business recession.

Latest reports indicate, the agency said, that consumer demand for meat probably is at a record level despite current prices. Consumption during the January - March quarter was said to have been the greatest for the period in at least 35 years, or at the rate of more than 150 pounds per person a year.

The department said total production of meat this year probably will be somewhat greater than last year, but not enough greater to pull down prices noticeably unless there is a rather sharp decline in consumer buying power.

Nearest star in the firmament is 25,500,000,000,000 miles from the earth.

# Fish Price Agreed On

ASTORIA, Ore., April 25 (AP)—Fishermen and packers have agreed on prices for fish, and both sides said today there was a good chance of the spring season opening Wednesday without a strike delay.

The agreement on prices will run to August 1. Negotiations will continue for the period after that.

These prices were recommended by the price committee of the Columbia River Fishermen's Protective association:

Twenty-three cents a pound for salmon and blueback.

Thirteen and a half cents for steelhead after June 10, and six cents for roe shad.

Packers have offered 20 cents a pound for salmon for August 1-10 and 17.5 cents from August 10 to the end of the season.

The union said August offers were not satisfactory.

Union Secretary Henry Niemela said progress was being made in wage negotiations for cannery workers and talks on working conditions.

# Korea Split Over Policy

SEOUL, April 25 (AP)—U. S. occupied southern Korea was sharply divided Thursday on what to expect from proposed resumption of American - Soviet negotiations toward Korean independence.

Rightist Korean newspapers and political leaders expressed doubt that it would solve the problems of the jointly-ruled former chattel of Japan.

Leftists, however, hailed Soviet Foreign Minister Molotov's proposal to resume sessions of the American-Russian commission in Seoul May 20 as the only path to unification.

The conservative Capital Daily News said it was not optimistic because Molotov, in his letter to Secretary of State Marshall, "blamed the American side" for the deadlock in the commission. It added the old differences might arise over the definition of "democracy," which Marshall termed the chief stumbling block in the first attempt to agree on Korean independence.

## $2800 Is Top Guernsey Price

PORTLAND, Ore., April 25 (AP)—An early top price of $2800 for a cow went yesterday to R. O. Cedargreen & Son, Snohomish, Wash., at the annual Pacific Northwest Guernsey cattle sale here.

It was a three-year-old, bred by Fredericks Brothers, Bow, Wash., who consigned a two-year-old which brought the second high price, $2400.

Prices averaged $800 for three bulls, 23 heifers and 32 cows.

**FUNERAL RITES**

ALBANY, April 25 (AP) — Funeral services are scheduled Saturday for Miss Harriett Hamilton, 67, owner of the Hamilton's department store here. She died in Portland Wednesday.

# Curing Plant Being Built

MERRILL, April 25—Tom Barry and Dale Moore, operators of the Merrill Meat company, commercial slaughterers, have under construction between the highway and Lost river, one mile west of Merrill, a new slaughter house and curing plant.

The building will be of pumice tile and will be equipped with modern facilities for properly handling all kinds of livestock butchering. Pork products will be cured and meat cut and wrapped for lockers.

The company has been in operation eight years at a location south of Merrill.

Barry has been associated with the company during the entire time while Moore did a shift with the army during the last war.
