

Terre Haute Mine Blast Kills Eight

TERRE HAUTE, Ind., May 1 (AP)—Eight of 11 men working in the mine were killed by an explosion yesterday. Bodies of the dead, all brought to the surface during the night, were identified as Calvin Wilson, about 30, pit foreman, Steve Summers, about 55, Mort Gates, about 55, all of West Terre Haute; John Brown, 57, Fern Easthart, about 50, Barney Buggs, 67, Desire Lete, 58, all of Terre Haute; and Chauncey Blackman, about 50, of Lippert, Ind.

Commissioned

James E. Cahill, 24, USNR, son of Mrs. Betty Knighten, 5223 S. 6th, has been commissioned an ensign in the U. S. naval reserve and designated a naval aviator after completing flight training at the naval air training base, Pensacola, Fla. On receiving his wings, Mrs. Cahill was transferred to the advanced training unit four, Jacksonville, Fla.—Official USN photo.

Work of bringing the bodies out of the mine had been delayed until it was necessary to carry each body through circuitous, low, narrow passages more than a half mile to the mine shaft.

Rescue squads said the bodies found about 15 feet apart, indicated the men were walking toward the shaft when the explosion occurred.

Move Looms To Up Rent 10 Per Cent

WASHINGTON, May 1 (AP)—A fresh attempt to jack up rent ceilings by a flat 10 per cent was set for a decisive vote in the house today.

The politically explosive issue was brought to a showdown after the house voted 127 to 48 yesterday to kill virtually all government controls over building materials and construction under the veterans housing act.

Rep. Buffett (R-Neb.), announced his plan to offer the general rent boost provision as an amendment to a section of the bill continuing federal rent controls for six months beyond their June 30 expiration date.

Across the capitol, meanwhile, where the senate banking committee also has turned down any across-the-board increase in ceilings, democratic Senators Wagner (N. Y.) and Taylor (Idaho) issued a joint statement saying there is "grave danger" that no workable extension will be enacted before the present control law expires.
