Choral Group Gives First Concert

The Klamath Choral society presented its first annual concert Friday evening at the Klamath Union high school auditorium before an audience of several hundred persons.

The 70-person chorus blended their voices to open the program with Josquin des Pres' "Christe Eleison" from the mass "L'Homme Arme," and followed with Tchaikovsky's "Cherubim Song." A special number was interjected with the singing of the "Railroad Chant" as arranged for mixed chorus by Fred Waring.

Charles Wilson Lawrence's "Reflection," George Herschel's "Morning Hymn" and Noble Cain's "Ode to Solitude" rounded out the first portion of the program, with the quiet "Prayer for Purification" by Tchaikovsky and the resounding "Hallelujah, Praise the Lord" by Lewis Lewandowski providing the finale.

Following the intermission the chorus embarked upon Henry Hadley's rigorous ode, "The New Earth." The intricate harmony, a religious work, was handled with general skill by the group.

The first part of the ode, "Sword of Deliverance," a sort of two-placed hymn, was sung by the entire chorus. The second part, "Comrades of the Cross," consisting of a requiem and a lullaby, was sung by a semi-chorus of women, assisted by the tenor voice of Mel Erickson.

Dean Stephens, a bass, presented the solo on the first section of part three, "The Unconquerable," while the chorus of men handled the second section, "Winds of Strength."

The high spot of the piece began with a beautiful solo, "Agnus Dei," by Winifred Gillen, contralto, at the opening of the fourth part of the ode, "New Risen Peace." Especially noteworthy was the soprano solo of Luster Nersteth, who was accompanied by the chorus of women in "Song of Peace."

The concluding part of "The New Earth," called "Song of the Marching Men," presented Godfrey Matthews, bass, and the chorus of women in an inspiring finale.

The concert was under the direction of Andrew Loney, and the piano accompaniment by Patricia Hunt.

Sprague River Man Jailed

Curtis E. Sloan, 32, of Sprague River, was jailed by city police late yesterday for carrying a concealed weapon. He admitted stealing a .32 caliber Iver Johnson pistol at the Gun Store yesterday morning.

When arrested Sloan was carrying the pistol, fully loaded, in his left hip pocket, police said. He will be turned over to county authorities Monday.

Sloan said that yesterday morning he had been looking at the weapon at The Gun Store, and also had helped around the store carrying in some boats and other equipment. When he came back into the store from the sidewalk, he said, the pistol was still on the counter. He said he picked it up and stuck it in his pocket.

Police received a tip that the man was carrying the pistol when he was in a S. 6th swap shop trying to sell a bicycle. He was arrested at S. 6th and Adams.

May Grains Show Strength

CHICAGO, May 3 (AP)—A mixed trend developed in grain dealings in the board of trade today.

While deferred wheat contracts slumped following a private forecast of a winter wheat crop of more than one billion bushels, the May contract displayed independent strength at times as a result of supplemental flour allocations to foreign countries.

Corn was under pressure and at times was down around a cent, by Winifred Gillen, contralto, at the opening of the fourth part of the ode, "New Risen Peace." Especially noteworthy was the soprano solo of Luster Nersteth, who was accompanied by the chorus of women in "Song of Peace."

The concert was under the direction of Andrew Loney, and the piano accompaniment by Patricia Hunt.

weather conditions led to the belief that some intended oats acreage would be used for corn.

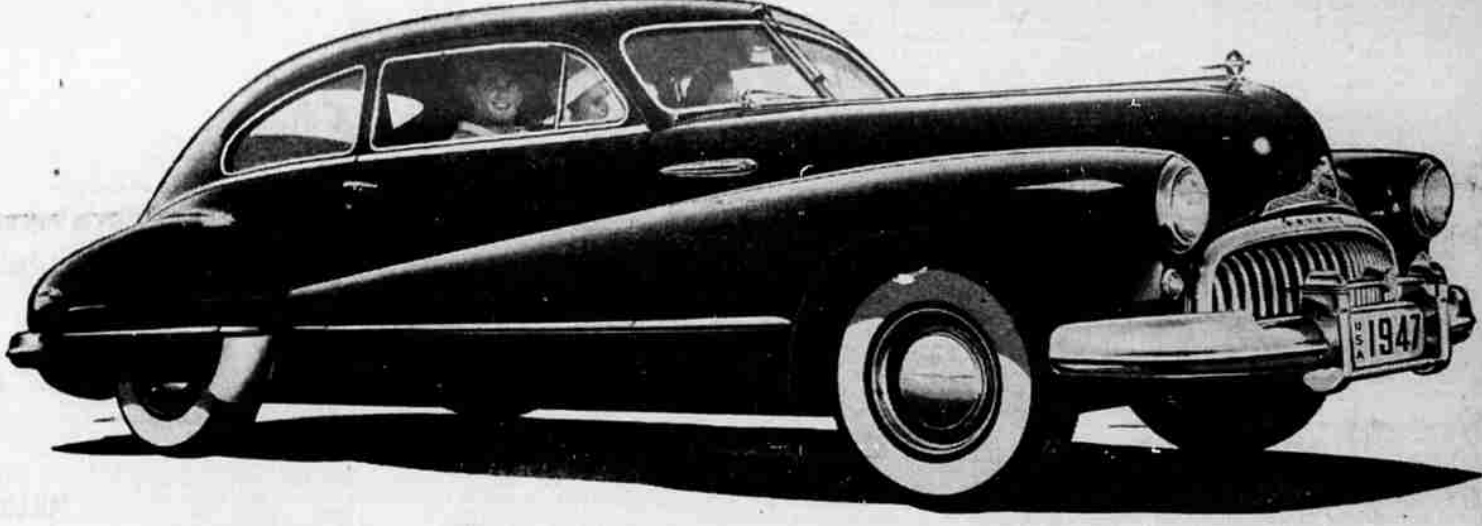

Oats were relatively steady as more rain was reported in some parts of the mid-western belt.

Wheat closed unchanged to 3c lower, May \$2.63 1/2, corn was 1/2 to 1 cent lower, May \$1.61 1/2-1, and oats were 1/4-5c higher, May 60 1/2-5c.

Every Line is a look at Tomorrow

YOU spot it on the highway every time a Buick comes along:

Here you meet the future face-to-face.

Here you see the clean, rich, uncluttered design that marks the swing away from what was to what is going to be.

Here's the sweep and flow of fender line that's called for by a streamlined age—here's the solid, steady look that spells roadability—the broad beam that means room—the massive bonnet that tells of Fireball power aplenty.

Here's grace, here's ability, here's sturdy dependability—all wrapped up in one handsome package that's not merely up-to-the-times but ahead of it.

Here are the good looks that bespeak good works; you hardly have to be told of precisions carried to ten-thousandths of an inch, of materials searched

The simple fact is that you're buying in the future when you buy any good car today. Why not settle on the one

that most obviously foretells what the future will be—that has the most in it of what is to come?

Buick dealers' showrooms are kept pretty bare of display models by the eagerness of Buick buyers to "take over" the first minute they can.

But you'll be greeted in every one of them with courtesy and sincere interest in getting your Buick at the first minute possible.
