Members of the Klamath Falls Moose lodge are looking forward to next week with interest when Al Sartorio of Seattle, district grand governor of the Moose, and other officials of the lodge will visit here Tuesday, May 13.

Brick Leech, newly elected governor of the local Moose lodge, has worked out plans with other members of the lodge for a reception, an initiation and special meeting. The Moose lodge has recently organized a sports association for going to baseball. Officers were elected and the program got under way.

First step in the sports program was the organization of bowling teams with eight from Eugene challenging the local group. Honors were even. Softball is next on the agenda and players for the Moose team are still needed and may sign up with the lodge.

## PALACE NEWS

by "Butch"

We received a lot of fine entries in our "T-Bone Steak Derby." We got some fine poetry and some good "straight" pieces, and we only wish we could hand out a T-Bone to every one of you but there just aren't that many good T-Bones! Mrs. Ethel Switzer won the steaks and we'll print her prize-winning poem tomorrow. Today we'll print the letter that accompanied the poem...

Gentlemen:  
I read in last night's paper of your offer of two steaks for the best column about your market. I have never been a newspaper woman, an author or a poet, but being a great lover of T-Bone steaks, I decided to try my amateur hand at the thing. Enclosed you will find the great masterpiece which I have turned out!

It is entirely possible that it will never win the Pulitzer prize, but at least it contains one outstanding virtue—Truth! Your market really is swell, and a grand place to shop. I honestly think you have the best meat in town.

Sincerely Yours,  
Mrs. Ethel Switzer,  
2410 Radcliffe Ave.

Thank you, Mrs. Switzer, for that swell letter. You put down on paper what practically everybody is saying... it pays to shop Palace! The Palace Market, 524 Main.

## Clouds End Warm Weather

A stiff wind and cloudy skies today brought an abrupt end to the warm, sunny, mid-summer weather of recent days. Wind velocity reached 28 miles per hour at 11:10 a.m., according to The California-Oregon Power company, as the stiff breeze whipped runaway hats through downtown streets and sent contrails flying.

Monday afternoon's high temperature of 85 degrees was just a fading memory as the mercury promised to hold much lower today. The weatherman added a further pessimistic note with his forecast of clouds and showers Wednesday.
