Briton Criticizes Blackmail Market

LONDON, May 9 (AP)—Lord De La Warr told the house of lords that Britain was obliged to buy food abroad in a "blackmail market."

Wheat from Canada, the conservative peer said in a discussion of the variety at Whytal's, "is costing as much as we are paying our own farmers in this country."

"Wheat from America is costing even more and wheat from the Argentine, so far as it is available, is a great deal more," he said. "At the present moment we are buying whatever we are buying on a blackmail market."

NOURISHING FOODS—In proportion to its price, bread is the most nourishing of foods, statistics show. It is followed in order by peas, potatoes, butter, cheese, milk, apples, eggs, codfish and beef.

WHYTA'S Shoes and Shops

had just unpacked a shipment of all white pure handkerchief linen blouses when Martha went shopping there this week. And they're beautifully made, with long cruffed sleeves, pointed collars and iridescent pearl buttons for the dainty touch.

Viewing these brought to mind that the blouse department hadn't received my attention since arrival of the many new Henshan Shirts. Not only in your favorite white tailored of rayon crepe, but in pretty pastels and stripes of quality Hope Skillman fabrics that launder so wonderfully.

Rayon jerseys haven't been too plentiful... so it was with a deal of surprise that I noted the variety at Whytal's. Plain tucked front or exquisite lace yoke styles... then, there's a new white jersey in a combination blouse-slip that's a honey... eliminating blouse tails sticking out. All have jewelry necklines... and the latter a back zipper fastener.

There are white crepes with hand details, frilly fronts and push-up sleeves... fussy, lace-trimmed nets... and a stunning, petal pink number with hemstitched details.

One style among the white blouse selection... a handsome lace-collared crepe... caters to larger sizes... through 44... while at the other extreme are piquant peasant types for teens... with drop shoulders and bright trims... at WHYTA'S in the Medical-Dental building, Main at Ninth.

Taffeta Skirts... in gay, boisterous plaids... full and swishy... have arrived at WHYTA'S... in the Medical-Dental building... where they're getting the eye of the campus set.

These skirts have rows of tiny gas herings around the waistline to emphasize fullness... large pockets on each side... and come with either red or blue predominating... in sizes 9 to 15.

Dash and charm of Texas-inspired styles is coming forth in some of the latest high-style sportswear... ranging from frigidaires to striped denim fiesta skirts to square-dance shoes with a Western boot look to white lace bathing suits.

HOME FURNISHINGS CO. it's up on No. 4th street, across from Copco... is showing complete advanced models in frigidaires... including a two-oven type plus broilers that housewives are greatly interested in... because it facilitates oven cooking... and has all the automatic controls that eliminate "pot watching" or "oven-peeking," switching the heat on or off at a set time.

Designed for beauty and convenience, other notable features of these superb ranges are rolled-edge tops, having additional insulation to keep them cool... full-width, roller-bearing storage drawers... and interior oven lights.

Five models are put out in these Frigidaires by General Motors... from the twin-oven deluxe that "has everything" to the lower priced ranges with just as much style. All have the faster, more economical five-heat cooking units and deep-well cookers.

While you're viewing the new ranges at CASCADE HOME FURNISHINGS CO., 124 No. 4th... don't overlook other recent arrivals... the Trig Singing Teakettes, 2 1/2-quart size, so easily kept shiny clean... the 3 1/2-quart Stainless Steel Mixing Bowls that can also be used for cooking.

New handbag fashions for this year have borrowed designs from rocker biotlers, carpet bags, lunch boxes, and other functional boxes, but show considerably more style and polish than their humble ancestors.

Cascade

CASCADE SUMMIT, May 9—The snow is fast diminishing here. In secluded places patches still remain, but in the open spaces the snow is nearly gone. The road from Willamette highway to the Cascade Summit station has been cleared of snow and cars driving to the lodge were numerous last Sunday.

Summit Odell lodge will be opened May 15. Extensive improvements are being made. A new heating system and a new electric light plant are being installed. The light plant will supplement the small hydro-electric plant now in use. Gasoline and fuel oil will be piped from the Southern Pacific tracks to the lodge. This will eliminate the necessity of oil trucks bringing it to the lodge. A large storage tank for each will be installed at the lodge grounds.

Killion, Kirkland, Wash., and with two sisters and their families, Mr. and Mrs. Jim Tinker and Mr. and Mrs. Jerry Howell of Vancouver.

LaPointe's Junior department... catering to the fashion-conscious... has a gay assortment of cotton washables from such nationally advertised houses as Carole King, Carlye, Jr. House, Trudy Hall Jr., and the famous originals... and it's here you'll find many intriguing little numbers you've seen pictured in outstanding magazines... with prices ranging from only \$2.50 up.

Among the cottons... this summer's reigning favorites... are trim, two-piece butcher linens in vivacious shades of blue and pink... chamberlay in striped combinations or all-over hues like peach pink and cool green... adorable plaid gingham... new seersucker creations with ruffled, ruffled, ruffled... and versatile Bemberg sheers... and sheer cotton prints that impressed Martha by their unusual pattern designs.

The selection for Juniors at LAPOINTE'S... 507 Main... also includes an array of smartly tailored gabs in California colors for sportswear... dressy crepe in variety of styles... and animated jerseys that go everywhere.

Receipt of the April sugar allotment by preserve and jelly manufacturers... has resulted in more spreads for the breakfast table, and reports are that prices will soon start coming down.

LeMoire's specializes in healthful, relaxing steam baths and Swedish massage... which is an expert. The latest in a relaxing steam bath with infra-red lamps has been installed... and those who've tried it, say it's a vast improvement over the upright type.

Besides being in a location that's easy to find... directly across from Klamath Valley hospital... LeMoire's has a light, homely, restful room and a restful "treatment" room... decidedly more cozy and appealing to feminine patrons.

Among gadgets that lend toward greater travel comfort is a new purple-red, rear-view mirror that takes the glare from oncoming headlights, sun or snow, but preserves vision.

Currin's is featuring this week the new Revlon "Fashion Plate"... a cream water face make-up that's radically different in every way... color and texture, application, ideal to Martha for summer... when lots of us like to leave off the powder... or for traveling, as it's so easy to use.

The cream water needs no water and is non-drying. Simply apply it evenly with the tips of the fingers... and you get a soft, smooth, slightly moist appearance that's very flattering.
