

Directors Urge Better Road Signs

More adequate signing at the Goshen and Weed junctions north and south of Klamath Falls was urged at Wednesday's meeting of the chamber of commerce directors. It was reported that the official state sign at Goshen junction of the Willamette highway and US 99 has apparently been peppered with shot, so that mileage figures on the sign are not easily readable from the highway. This sign shows comparative distances from Goshen junction to San Francisco by Klamath Falls and Ashland, with the Klamath route enjoying the advantage. Suggestion was also made that California authorities be urged to provide a more adequate official sign at Weed junction. It was pointed out that there is a large reflector sign at this junction for the motorist approaching it on US 97, but that there is no such sign on the US 99 approach. Several letters were read praising the community and the efforts of the chamber of commerce in connection with the recent "Queen for a Day" visit of Guy Williamson. The efforts of Mrs. Phyllis Beardsley and Chamber Manager Charles Stark were especially commended. Chamber directors brought committee chairmen to the meeting with them, and an after-session was held at which committee appointments for the new year were developed.

Painters To Swarm Over House

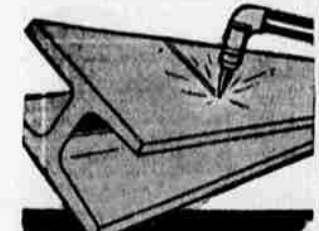

PORTLAND, May 22 (AP)—Harold M. Buckbee will have no trouble hunting a painter to beautify his home this year. The slogan—"Paint up, clean up, do your share—increase beauty everywhere."

WAGE BOOST
PORTLAND, May 22 (AP)—A wage boost of 7 1/2 cents an hour has been approved by negotiators for the package veneer industry and 500 CIO employees. The U. S. conciliation service said the boost, from the previous \$1.15 an hour for men and \$1.10 for women, will be retroactive to April 1 and must be ratified by the union locals. The plants include the Coast Veneer company, Portland.
