

Charles Bricco Announces Fort Klamath Store Sale

Fort Klamath, May 21—An announcement made this week by Charles J. Bricco of the sale of his building housing the Crater Lake cafe, hardware and sporting goods store. The new owners are Mr. and Mrs. L. J. Sherman and son, John E. Sherman of Eugene, Ore. Bricco and son having assumed management of the business Saturday. Mrs. L. J. Sherman, accompanied by her son-in-law and daughter, Mr. and Mrs. Harold Kirk, were in Fort Klamath over the week-end and Mrs. Sherman plans to return here in the near future to assist her husband and son in the management of their business, which will be operated along the same lines as in former years, according to the new proprietors.

Prior to coming to Fort Klamath, Bricco has worked as chef at Springfield and Grants Pass, and is well experienced in the business of catering to the public. He will personally do the cooking at his restaurant here, while his wife and son will be in charge of the tavern and other departments. His wife is secretary of the American Legion auxiliary in Eugene, and has been very active in civic affairs there. The son is a U. S. army veteran, and is 21 years old.

With the disposal of his restaurant and incidental business, Bricco has absolutely retired from active business, the sale of his other property consisting of the building housing his Crater Lake grocery, cold storage lockers and the branch of the Oregon State liquor store having been completed recently, when the property was sold to his son-in-law and daughter, Mr. and Mrs. Marvin Roeder. The Roeders came west over a year ago from their home in Wisconsin and Mrs. Roeder has assisted her father in the management of his business up to the time of the sale of his property. Mr. and Mrs. Roeder have two sons, Donald and Clark, and they have purchased the former Woodruff property in Fort Klamath where the old Jackson building was located until it was destroyed by fire several years ago, and plan to build a residence there.

Charles Bricco (famously called "Charlie" by all who knew him) has been in business here for the past 17 years, and is now nearing his 66th birthday. He moved to his present location 12 years ago, when he purchased the building from Harry Engle, later acquiring the adjacent building and property from Alfred B. Castel Sr., when he and Mrs. Castel retired from the grocery business conducted in the building. Early last year, Bricco installed two hundred cold storage lockers in this building, now the

Klamath, a fact which is not generally known to the public, and for which he deserves special credit. In closing, it should also be noted that many have occasion to remember Bricco for his assistance in time of need, as anyone who needed a helping hand was never known to appeal to him in vain. Although his retirement from business here is regretted, all join in extending to him best wishes for the future and the well-earned holiday which he contemplates soon.

Within a period of 70 years the average man speaks 50,000,000,000 words, or an approximate average of 20,000 words daily.
