POISON OAK, IVY or SUMAC

A U. S. GOVERNMENT BUREAU REPORT announces the discovery of a new tannic acid treatment for ivy, oak and sumac poisoning. The treatment has been found excellent; it is gentle and safe, dries up the blisters in a surprisingly short time—often within 24 hours. These government findings are incorporated in the new product—

Youth Faces Fire Charge

Leonard Donald Springer, 23, of Worden, was arrested by state police Sunday morning for throwing firecrackers from the parking place on the lookout point at Moore park. Officers said they saw Springer and two companions throwing the crackers into tinder-dry brush and trees which might easily have been set on fire.

Springer will appear at justice court this afternoon on the charge of throwing firecrackers from a highway. The state law prohibiting the throwing of lighted material covers the offense, police said, and warned that similar cases will be vigorously prosecuted.

Clarence Williams of the state forestry department, made a further statement promising prosecution of all cases in which persons throw lighted material in the fire season, which is now under way.

CARD OF THANKS
We wish to express our sincere appreciation to those whose kind words and deeds were such a comfort to us during our recent bereavement.

PALACE NEWS

by "Butch"

OUT in the Johnson Packing Co.'s feed lot today—60 steers, 68, ears, ready into the horizon southward.

There are big salty tears in the 120 eyes 120, of those 60 steers, today, because a man who has been more than a mother to them has gone to California in his Dimbat's special Chrysler.

He is Ed Johnson, the owner of this continuous food festival. And in his kip he has a check for plenty of gets made out to one Loye Nicholson, of Fort Klamath, which he will cheerfully hand over to that gentleman for the classiest steers in the West. They'll make fitting playmates for the 60 steers, 60, in the Johnson Packing Co. feed-lot now, and they will soon be as devoted to the Boss.

Is it any wonder that almost any housewife you ask will tell you that The Palace Market has the finest meat in town?

We have the best meat to start with, and we properly process and age it so that it arrives on your table at no increase in cost—fit for a King.

Compare our prices and you will find some markets charging as much and even more for non-Government Graded meat, which means it is poor quality.

Choice steaks and roasts from OUR superb beef are ready for your selection at 9 a. m. The boys are ready to serve you—in fresh aprons and with sharpened knives—with Bob in command. They are a handsome platoon of experienced, courteous meatmen. Get to know them by name—Bob, Eddie, Loyd, "Peanuts" and Jack.

If you don't know already you will soon realize—That's why they say—it pays to SHOP PALACE, 524 Main.

P. S. Gertrude Stein would probably say, "60, 60, 60, 60 steers, steers, steers, steers, not quite 60, 60, 60, quite 60." But not me! No, sir.
