Vet's Mail Bag

As a service to veterans in the community this newspaper will publish a weekly column of news briefs from the veterans administration. For further information, veterans should contact or write their nearest VA contact office at Klamath Falls.

DEADLINE NEAR ON AMPUTEE CARS

Amputee veterans eligible to receive automobiles at government expense, who have not yet applied, should do so immediately, urges the veterans administration.

Eligibility must be determined by June 30, 1947, under terms of the present law. While this does not mean that delivery must be made by that date, the law requires that the veteran's application must be processed by that time, the VA said.

Any veteran of World War II who during his service lost, or lost the use of one or both legs at or above the ankle is entitled to a free vehicle. Cost of the car, including special attachments, must not exceed \$1600.

Applications of 349 of the 560 Northwest veterans who have applied to date have been processed to completion.

VETS REMINDED ON ADDRESS CHANGES

Northwest veterans are reminded by the veterans administration that separate changes of address must

be sent in for National Service Life Insurance.

Some veterans have sent changes of address notices to expedite subsistence and compensation checks, but have neglected to notify the insurance service. As separate files are maintained for these benefits, veterans are requested to send changes of address to both offices.

Checks are mailed for subsistence payments and compensation from the regional offices in each state. Veterans should send changes of address on insurance matters to the Veterans Administration, Exchange Bldg., Seattle 4, Washington, the VA explained.

QUESTIONS OF THE WEEK

Q. At what rate of interest can I borrow on my National Service Life Insurance?

A. If your converted policy has been in force by premium payments for one year or longer, you can borrow up to 94 per cent of the cash value at an interest rate of four per cent.

Q. I have a GI loan on my home and would like to know if I can have the loan extended?

A. Yes, if the lender is willing to give you more time. The extension must provide for complete payment of the loan within the 25-year maximum period provided by law.

The U. S. under the lend-lease act of 1941 loaned allied nations 4802 naval ships and small craft, of which 2216 have been returned, a navy department summary reveals.
