

# Klamath Memorial Park Officially Opened At Wednesday Ceremonies

With befitting service and solemnity, Klamath Falls' new city cemetery, Klamath Memorial park, was officially dedicated and opened Wednesday afternoon.

Mayor Ed Ostendorf opened the ceremony by giving a short resume of the history of the cemetery, mentioning that the original Linkville cemetery was started in 1842, and the increase in the population of the city had made necessary the establishment of a new burial ground. He pointed out that the new park was adequately supplied with water and other facilities for the maintenance of a beautiful landscape and other features necessary for an up-to-date cemetery. He added that he was proud to have had a hand in the establishment of the new grounds, and gave great credit to the cemetery committee, composed of John Martin, and to A. Thomas, the city engineer, under whose department the cemetery was established.

In addition, Mayor Ostendorf commended the work that was done by former Councilman Rollie Cantrell during his term of office, when he was the city council's representative on the committee.

Mayor Ostendorf was responded to by Vern Moore, representing the Klamath County chamber of commerce.

The final dedication and prayer was delivered by the Rev. Victor Phillips of the First Methodist church of Klamath Falls. It follows:

"Whereas, the mayor and councilmen of the city of Klamath Falls, acting for and by the authority vested in them by the people of the City of Klamath Falls, have secured and devoted this plot of ground for the burial of the dead; I do now on this twenty-eighth

## Style Change Is Shut-Down Reason

MILFORD, N. H., May 29 (AP)—A texton sewing plant was shut down today—all because of the length of a woman's skirt.

Plant Manager Prentice Shethar said the factory would be closed for 10 days to change its machinery in line with a new style trend.

The plant manufactures ladies' slips, and now they must be made longer to conform to the current fashion in skirts.

## MAN HAD BRICK IN HIS STOMACH FOR 10 YEARS

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores.
