

No Support, Says Wallace

RALEIGH, N. C., June 5 (AP)—Henry Wallace, asked at a press conference today if he would support President Truman for re-election, hesitated and said: "That depends on—I would say, 'No.'"

The former vice president is to make an address here tonight and the press conference this morning was held at the home of Josephus Daniels, publisher of the Raleigh News and Observer and a former cabinet member.

Wallace, who has been crusading vigorously against the "be firm with Russia" aspects of President Truman's foreign policy, had been asked earlier if he planned to lead in the forming of a third party, and he replied:

"I'm doing everything I can to make the democratic party a liberal party. If the democratic party becomes a war party, a party of reaction and depression, then I'll no longer be a democrat."

Asked if he would support the republican party, Wallace said:

"I can't imagine myself campaigning for a republican under any circumstances."

Governor Really Gets Around Today

SALEM, June 5 (AP)—Governor Earl Snell had a busy day today, taking part in affairs at such widely-separated points as Union and Lebanon.

He left by plane this morning for Union to address the Union County Livestock association meeting.

He planned to be back in Salem by 4 p. m., in time to drive to Lebanon for that city's strawberry festival. He will return to Salem tonight for a couple of hours work, he said.

New Ruling On Gold Sale

WASHINGTON, June 5 (AP)—Rep. Engle (D-Calif.) said today he has been advised by the treasury department that gold in its natural state may be bought and sold for domestic use without a license.

"The effect of this ruling," Engle said in a statement, "is to give a free market for domestic gold in its natural state—gold which has not been melted, smelted, refined or otherwise treated by heating or by chemical or electric process."

"The treasury buys and sells gold for \$35 an ounce and it has been generally believed that all gold, whether in its natural state or treated, could be sold only to the treasury."

"With rising costs of material and labor, many gold operators have been unable to make a profit at this figure, and it is well known that gold is commanding a much higher price in foreign countries and in the black market in this country."

"It may be possible in view of this interpretation by the treasury for gold miners legitimately to realize a higher price for their product as long as it is sold in its natural state."

Medical Society Holds Convention

ROSEBURG, June 5 (AP)—The Southern Oregon Medical Society, oldest medical group in the state, convenes here June 11 for its annual session.

Dr. Hall Seely, treasurer, said physicians will attend demonstrations at the Veterans' hospital in the morning, have lunch at the Roseburg country club and hold business sessions that afternoon.

Portland Okays Rate Expert Pay

PORTLAND, June 5 (AP)—The city council today authorized payment of expenses of a New York rate expert in a study of Portland traction company's request for increased fares.

Commissioner Dorothy McCullough Lee said John Bauer could be here next week and would confine his report to costs and revenues under present and requested fares and probable future patronage.

Truman Gives Savage Support

WASHINGTON, June 5 (AP)—President Truman voiced his support today of Charles Savage, democratic candidate for congress from the third district of Washington.

The president, asked what his attitude is toward Savage, told a news conference that Savage is the democratic nominee for the office and will be supported by the democratic national committee.
