

Kansas City Vote Fraud Investigated

WASHINGTON, June 5 (AP)—J. Edgar Hoover said today the FBI had questioned only six persons when the justice department decided last fall that there was no grounds for federal prosecution of alleged voting frauds in Kansas City.

This "preliminary" inquiry, the FBI chief testified to a senate judiciary subcommittee, was thus limited on instructions from Attorney General Clark.

The committee is inquiring into the justice department's actions in a situation which has brought a state grand jury's indictment of 78 persons for election law violations and the theft from a blown safe of some ballots on which the grand jury based the charges.

Last August the alleged frauds were in the democratic primary last August in which Enos Astell defeated Rep. Roger Slaughter for the nomination to congress, only to lose to a republican in the election. The state grand jury said Astell's victory was fraudulent.

President Truman publicly supported Astell. With that in mind, reporters asked him at a news conference today for comment on the newest developments in the situation. He replied that a vote fraud is the worst thing that can happen in a democracy and said the inquiry should be carried through to its logical conclusion.

Farm Information Centers Successful

CORVALLIS, June 5 (AP)—Oregon's three information centers for migrant farmhands are succeeding in channeling workers to the farms where they are needed, the state farm labor office said today.

The centers at Junction City, Huntington and Biggs have given directions to workers from 24 states. Similar information stations have been established in other western states.

Youths Released After Investigation

CONDON, Ore., June 5 (AP)—Two Iowa youths, companions of a Chattanooga, Tenn., man slain by a state patrolman in the Arlington police station Tuesday, will be released today, District Attorney J. D. Weed reported.

The two—David Benjamin Veech, 17, and Donald Tosevigan, 19—both of Mason City, Ia., were held for questioning after John Harold Acheson, driver of a car in which they were riding, was killed by a state patrolman while resisting search.

Reclamation Men Attend Hearing

R. R. Best, district manager of the U. S. bureau of reclamation, and C. W. Burningham, engineer in charge of project planning, left Wednesday for Fort Dick, Calif., to attend a hearing of U. S. army engineers.

The hearing will be on developments on Smith river. The bureau men are expected back this week.

Something New Has Been Added

We have just installed a new Sensational Health Method which is specific in its ability to control and correct infections and diseases of the stomach and intestinal tract. This method owes its efficiency to the fact that we utilize Nature's greatest healing agency, OXYGEN.

When OXYGEN is properly introduced into the intestinal tract, it kills infections and decay-producing causes.

This method not only heals infections, but it also heals ulcerations, dysenteries, tubercular infections, at the same time producing a greatly stimulated construction process in the body. This method has been perfected and used with startling results, and the installation in this office marks a great step forward in this community. We are justly proud to be the first to offer you this New Health Service.

You and members of your family are offered a free, complete physical examination during the week of June 2 to June 7, inclusive. You are under no obligation whatsoever.

During this week we will be assisted by Dr. Armin B. Copen, Chiropractic Physician, and Chief Diagnostician of the Clinical Research Institute of Kansas City, Missouri.

I suggest you call early for an appointment, as due to our present rush, it will be possible to make this service available to a limited number of cases only.

DR. E. M. MARSHA.

Two Officers Face Charges

OAKLAND, Calif., June 5 (AP)—Two Oakland policemen, accused by a 16-year-old high school girl of forcing her to submit to intimacies after interrupting her petting party with a boy in a car, faced arraignment today on two counts each of statutory rape.

The charges, filed after the girl's widowed mother signed the complaint, each carry a maximum penalty of 50 years' imprisonment in event of conviction.

The officers, Patrolman Robert G. Bell, 27, and Edward E. Bauer, 34, were suspended and jailed.

Police Chief Robert Tracy said that Bell gave a statement to Inspectors William Perry and Emil Hann admitting misconduct but that Bauer asserted, "I never touched that girl."

Match Tax May End Free Distribution

WASHINGTON, June 5 (AP)—The Universal Match company told congress today that the excise tax on matches is "the beginning of the end of about the only thing our people get for nothing."

A company statement submitted to the house ways and means committee said "the free distribution of three hundred billion wooden and paper book matches annually, about 60 per cent of total production, is fast fading from the American scene."

The company blamed the tax of two cents per 1000 on matches.
