Today's Roundup

LAKEVIEW has definitely been added to the Southwest Airways application for operation of a feeder line service through this section of Southern Oregon, Northern California and Nevada.

Southwest originally applied for permission to operate from Medford through Klamath Falls, Alturas, Susanville to Reno.

But now it has amended its application to include Lakeview, as a stop between Klamath Falls and Alturas.

That's the kind of feeder line service that we need in this big, wide open country.

Without first-hand observation, we feel that there must be basis to the complaint, on the one hand, but on the other hand it is hard to believe the picture of scheming villainy on the part of the forest service which has been presented.

We would be interested in viewing a presentation of specific charges against the forest service in connection with this situation, accompanied by comment by the forest people on each allegation.

Character wearing a curly beard, long hair and biblical robes was walking slowly along the curb, bearing a sign, hanging from his shoulder on a cord.

GUMMING THE WORKS KLAMATH FALLS, Ore., (To the Editor)—It is interesting to note the change of heart some republican editors have had.

Very recently some of these same western editors were cheering proposals to cut government appropriations for public improvement.
