Short-Lived Mongolian, Chinese Clash Calls For Strengthened Policies

By HAROLD MILKS

NANKING, June 12 (AP)—A short-lived Chinese-Mongolian border foray by a band of cavalrymen from pro-Soviet outer Mongolia brought demands on the government of China today to adopt a stronger policy toward Russia.

The incident last week was discussed at a closed meeting of the legislative Yuan, members said, as some sources viewed the fighting as the first open manifestation that China is in danger of losing Sinkiang province under possible Soviet-stimulated demands for its autonomy.

Foreign Minister Wang Shih-chieh told the legislature that he was "not unsympathetic" to their demands for a firmer attitude in relations with the USSR. As soon as the government determines its policy, he said, "it will be carried out with fortitude."

Peitashan Taken

Meanwhile, a spokesman for the national defense ministry reported that government troops had recaptured Peitashan, Sinkiang city where the Mongols and Chinese forces clashed. It was retaken Saturday, a day after the Mongol incursion 50 miles into Chinese territory.

The spokesman gave no further information on the clash.

Russian sources have confirmed that the Soviets had trained and equipped a "modern army" in outer Mongolia, including a small "but surprisingly efficient" airforce. He said there was only a slight difference between the emblems of Soviet and Mongolian warplanes, and in his opinion the planes described as supporting the Mongol invasion were actually Mongolian.

Gen. Pai Chung-hsi, minister of national defense, conferred with Generalissimo Chiang Kai-shek amid indications he would fly to Sinkiang to take a personal hand in settlement of the dispute.

Rita Hayworth Faints In Crowd

BRUSSELS, June 12 (AP)—Rita Hayworth, the American motion picture actress, fainted today in the midst of a surging crowd of Belgian film fans when she was presented to newsmen at the Brussels film festival.

Miss Hayworth, guest at a reception held at the festival's American information center, was about to be welcomed by Interior Minister Pierre Vermeiyem when she fainted and had to be removed from the crowd of admirers.

Klamath Summer School Under Way

Summer school for students in both the city's elementary classes and Klamath Union high school were under way this week. Registration for the grades as well as KUHS students was held Monday.

Principal Stanley Woodruff's office reported an attendance of 43 boys and girls taking advantage of the KUHS program and 15 were enrolled at Fremont in the elementary group. Superintendent Arnold L. Gralapp said. High school students are not receiving credit to facilitate graduation but to make up work, Woodruff advised.

Youth Council Plans Summer

Some 50 interested persons gathered in the county welfare commission offices Tuesday night to hear various groups report on youth activities for the coming summer months at a session of the Klamath County Youth council. This group, formerly known as the child, health care and welfare committee, has adopted the name of Klamath County Youth council and will be known as such in the future.

Mrs. Harlan P. Bosworth Jr., chairman of the council, presided at the session. Reports were given by Cecil Kollenborn, executive secretary of the YMCA, on activities of the Y and Teen-Age club of which his agency has recently accepted the sponsorship; Samuel H. Smith, city recreation director, gave a comprehensive report on the city recreation program; John Sargin-son, district ranger, Rogue River national forest, reported on overall camping facilities at Lake o' the Woods and Major W. Roswall of the Salvation Army reported on the summer camping program at Lake o' the Woods where some 60 children are expected to be included in facilities this summer.

Arnold L. Gralapp, superintendent of public instruction, led the discussion on the adoption of the new constitution under the title, Klamath County Youth council. Attending the meeting were representatives of all public and private agencies and PTA's.

FIRE LOSS

SALEM, June 12 (AP)—Fire at the Miles Linen mill destroyed $4000 worth of finished twine. The fire, which burned without flame, was started when a 200-pound container of sulphuric acid broke.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Palo Alto Trade Up

SAN FRANCISCO, June 12 (AP)—Beverly Hills and Palo Alto made the best showing in retail trade in April, as compared with March, among 36 Pacific Coast cities.

A report by the department of commerce said sales in these two cities was nine per cent higher for the month. Santa Barbara and Yakima, Wash., were tied in second place with sales increases of eight per cent.

The poorest showings for the month were at La Grande, Ore., down 11 per cent; Santa Ana, Calif., off 10 per cent, and Pomona and Richmond, Calif., down nine per cent.

Alhambra and Glendale showed the best gains for the first four months of 1947 compared with the like 1946 period, being tied with an increase of 47 per cent; La Grande stood second with a gain of 44 per cent and Pomona was third, up 43 per cent.

Crewman Dies Of Steam Burns

PHILADELPHIA, June 12 (AP)—Superheated steam escaping from a broken line aboard the aircraft carrier Valley Forge has taken the life of one man, James Arthur Monette, electricians mate, second class, of Washington, D. C., and injured 13 other crewmen and civilian workers.

Monette died last night at the naval hospital of second degree burns suffered in the blast. A high-pressure steam line burst in a fire-room deep in the 27,000-ton carrier, which was docked here for repairs.
