

Braves Feather National Nest

Upsurging Cardinals Win Sixth Straight, Lift Into Fifth Place; Feller On Pace

By JOE REICHLER

Associated Press Sports Writer

Charlie Barrett, who is being hailed as the number one "comeback" of 1947 today owes his success to his remarkable control pitching. The rambunctious redhead, whose decline from a 23-game winner in 1945 to a three-time loser last season caused his banishment from the world champion St. Louis Cardinals to the Boston Braves last winter, currently is the hottest hurler in the majors. Including yesterday's 11-1 triumph over the Cincinnati Reds, Barrett has won five straight to bring his season record to six wins and three defeats.

The Braves' one-sided triumph, their fourth straight, increased their first place margin in the National league pennant race to a full game over the runner-up New York Giants.

Snapp Kayoes Halligan In Sixth Round

SEATTLE, June 18 (AP)—Youthful Bill Peterson of Seattle and Chicago and the elderly Tiger Jack Fox of Spokane deserved boxing's medal of valor today and Peterson's should carry a couple of oak leaf clusters for the punches he threw last night at the king of the heavyweights.

The two of them divided a four-round assignment against Joe Louis in an exhibition bout and both survived. Fox, who went four rounds with Joe in Spokane last week, was content to box the champ, but Peterson swung hopefully and landed one solid clout, a left to the head.

Joe tagged the youngster freely but didn't drop him.

In the preliminary events, Charley O'Kelly, 151, San Francisco, gained an eight-round decision over Emmett Murphy, 148, Great Falls, Mont., and Jack Snapp, 180, of Klamath Falls, Ore., knocked out Eddie Halligan, 182, of San Francisco in the sixth round.

Snapp, as good as his name, kept his explosive right hand busy in the Halligan physiotherapy. Three times he blasted Eddie to the canvas in the fourth and he gave him one round trip ticket to the deck in the sixth before applying the clincher.

The veteran Oakland scrapper kept coming back for more, but needed an assist from the bell to stay in the fight after a good knockdown. He looked good enough in the fifth to be rated even with Snapp for that stanza.

The sixth belonged to the Oregon boy all the way. He wasted no time in dropping Halligan for a nine count, then put him away for keeps. Their argument was a post-windup affair, staged after the Louis exhibition.

Muri McCloon, 144½, of Spokane, was knocked out in the fifth round of a special event by Buddy Hoffman, 142½, Seattle. Mickey McPherson, 160, Tacoma, kayoed Tony Montez, 159, Salem, in the last canto of their four-rounder and Joey Ortega, 127, Portland, took a four-round decision from Jess Mitchell, 126, Seattle.

City Tennis Tournery In 2nd Round

Net Clinic Slated At Courts Sunday

Second round matches of the city open tennis tournament in men's and women's singles and boys' doubles will be played this week-end and the results should be turned in to George Mills, phone 6370, by Monday.

Other first round results not already announced had Eddie Dent and Jerry Olson defeating Bill Crawford and Bill Loomis 7-5, 6-4, in the men's doubles, while Hank Murphy and Doris Ryser topped Bud Case and Betty McNutt in a fast three-game mixed doubles set, 6-8, 6-4, 6-4.

Beginning Sunday a tennis clinic will be held at the Moore park courts each Sunday from 2 to 4 p.m. and several of the better players in town will be on hand to give instruction in proper techniques of the game.

With the advent of good tennis weather and the crowded condition on some of the local courts, the city recreation department has asked that players observe the courtesy rules of limiting their time on the courts to 45 minutes or two sets, and that they play only doubles when there are others waiting to go on.

Second round pairings are:
Men's Singles
Jerry Olson vs. Pat Moses.
Eddie Dent vs. Martin Stride.
George Seymour vs. George Mills.
George Proctor vs. William Ferrin.
Winner of Proctor-Ferrin game vs. Jim Finnigan.

Women's Singles
Betty McNutt vs. Doris Ryser.
Mrs. Mathis vs. Lila Harvey.
Boys' Doubles
Bob Petzoldt and Dick Petzoldt vs. John Lenz and Gene Keane.
Ronnie Dimmick and Richard Hafar vs. Morris Weakley and David Patterson.

Satisfied

Warren (Whitey) Howe, left fielder for the Bisbee, Ariz., Yanks of the Arizona-Texas league, wants no part of the major leagues—and has a clause in his contract forbidding his sale to any major league club. Howe, shown as he appeared for a league game at El Paso, Tex., used crutches when he came to Bisbee three years ago suffering with arthritis. He feels he must stay in the Southwest to keep his health. —AP wirephoto.

Lake o' Woods Cleaning Should Improve Fishing

(Editor's Note: The following story is from the Oregon State Game Commission Bulletin.)

As a part of an over-all program to control and, if possible, eradicate undesirable species of fish in many of Oregon's lakes, the Game Commission has undertaken a program at Lake o' Woods in Klamath county designed to remove as many of the rough fish as possible so that this lake will offer a more suitable habitat for trout.

Reports indicate that this lake provided good rainbow fishing for several years after the original introduction around 1915. Rough fish were known to be present in the lake prior to this time and appeared to be the same as the "chubs" inhabiting Klamath lake. Unfortunately, in 1922 several species of spiny-rayed fish were introduced, ostensibly to provide more diversified fishing. At about the same time eastern brook trout were introduced, and several years later, silver and chinook salmon. The lake furnished fair trout and spiny-rayed fishing for a few years after the lake had been planted, after which the trout fishing began to decline. Reported stockings of trout and salmon in relatively recent years have

been of little avail in improving the fishing.

A survey of the lake in 1941 disclosed a complicated fish population picture with twelve species included and yellow perch predominating. Limited control measures were undertaken in 1942. Spot poisoning with rotenone accounted for several hundred pounds of carp and yellow perch. Control operations had to be discontinued during the war because of the lack of personnel. Last year after large numbers of the rough fish had moved into a shallow water slough at the north end of the lake a one-inch mesh chicken wire fence was stretched across the neck of the slough to trap the fish congregated inside. After the water level had lowered later on in the summer, this area was poisoned with very satisfactory results. However, a large population of undesirable fish remained in the lake at the end of the season and it was decided to institute more comprehensive measures this year in an effort to reduce their numbers to a minimum.

A field agent is now stationed at the lake and is carrying out control measures that are proving quite successful. A two-way trap, approximately 10 by 19 feet and constructed of small mesh wire, has

been installed in the north-end slough where the majority of the rough fish congregate. Fish entering or leaving the slough are taken in the trap. This trap has not only proved extremely effective in this manner, but it is also serving as a source of fish food for our fish hatcheries. Twenty-three hundred pounds have already been removed and transferred to the Butte Falls fish hatchery. It is anticipated that several tons of food will be accumulated in this manner during the season. Along with the trap operations, other methods of control are being used. Gill netting has resulted in the removal of several hundred adult perch. Concentrations of undesirable fish in the shallow water areas not frequented by trout are being disposed of by the use of poison. One very effective means of control as far as the perch are concerned has been the removal of perch spawn. This is accomplished by dipping the strings of spawn from the mud bottom or vegetation with a hand net. Seven quarts of spawn were collected in this manner in a matter of forty-five minutes.

The continued application of these control measures combined with adequate stocking should provide better trout fishing in the future.

Soviet Given Olympic Okay For '48 Games In London

STOCKHOLM, June 18 (AP)—Only the organization of a Soviet Olympic committee stands in the way of Russia's participation in the 1948 games at London, and the international Olympic officials were hopeful today that this detail could be worked out.

Russia has been given membership in four world sports controlling federations and now needs only to organize its committees to be eligible for an invitation, IOC announced.

To pave Russia's way for admission into the International Amateur Athletic federation, world ruling group in track, and IAAF has "forgiven" the Russians all their transgressions up to and including July 1, 1947. The Russians gave their champion and record-breaking athlete huge sums of money. Meanwhile, the Olympic amateur commission of which Avery Brundage of Chicago is chairman, presented to the IOC at an executive committee session a new definition of "amateur."

In the commission's report to be voted upon by the IOC later in the week, Brundage's group recommended that a permanent IOC committee be set up to keep an eye on amateur status problems and draw up regulations for the conduct of the Olympic games.

"We believe there are certain regulations which might be recognized as desirable for the Olympic games even though they are not applied by federations to other events," said the commission report.

The Merchants now are next to the top of the league standings with three wins and no losses and the Moose is in fifth position with two wins against two setbacks. The Knights are in the seventh slot with one win and four losses and Ashley's occupy the eighth position with no wins and two losses.

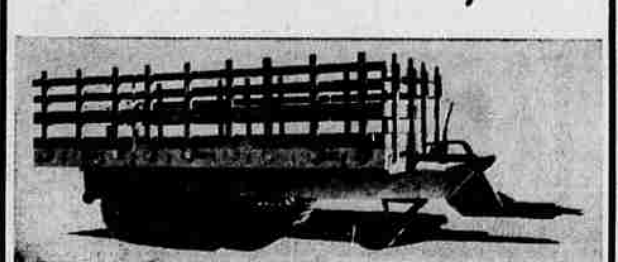

Bergstrom Named
SAN DIEGO, Calif., June 18 (AP) Dr. Robert Bergstrom, 33, who captained Oregon State's coast championship basketball team in 1933, was named director of physical education yesterday for the San Diego city school system. The Astoria, Ore., athlete coached previously at Junction City and La Grande, Ore., and now is taking post-graduate work at Columbia university.

Coast League . . . Beavers Tumble In Ninth Frame, 8-6

By The Associated Press

The homer-happy Oakland Oaks pulled a ball game out of the fire in the ninth inning last night to retain their one-game lead in the Pacific Coast league.

Portland was leading the Oaks 6-1, Vince DiMaggio having homered in the Oakland run in the sixth, when the last-of-the-ninth uproar occurred, giving Oakland an 8-6 win. The Oaks got those seven runs this way:

Les Scarcella singled, Dario Lodigiani walked, Gene Lillard singled, scoring Scarcella. Pinch Hitter Glen Crawford homered for three runs. Brooks Holder homered. Mel Duzebou tripled and DiMaggio homered, again. It was DiMaggio's 10th four-bagger of the season and he has batted in 34 runs on 36 hits.

Up to that time Portland had sailed along like a cinch winner. Their starting pitcher, Roy Heiser, left amid the last inning bombardment, and Ad Liska couldn't stop the Oaks, either. The third Beaver pitcher, Jake Mooty, pitched to only one man but unfortunately it was DiMaggio.

San Francisco walloped Sacramento, 10-3, getting all its runs in the first three innings including a six-run first inning cluster. Cliff Melton pitched his sixth victory while Sacramento used five pitchers fruitlessly.

Mulligan Fires Medalist Score

PORTLAND, Ore., June 18 (AP) Sid Mulligan of Eugene held medalist honors with 145 for 36 holes of qualifying golf today as the field went into match play in the 1947 Oregon Golf association tournament.

Mulligan, who didn't look too good with his four over par 76 for the first 18 holes Monday, banged out a par 35 on the first nine yesterday and then stroked the Portland club layout for a three under regulation 34 on the second nine for his 74-69-145.

One stroke behind was Defending Champion Tom Marlowe of Portland's Eastmoreland with 73-73-146 and John Frey, Riverside, with 75-71-146.
