

Sugar Expert Checks Basin

W. A. Blabie, Oregon representative of the Spreckels Sugar company of San Francisco, spent two

days this week checking over sugar beet plantings under contract to his company in the basin, and reports that the crop is in excellent condition.

He basin acreage under contract to Spreckels will run from 2200 to 2300 acres, of which, he says, not more than 40 acres will have to be taken out because of poor prospects. This percentage of crop failure, he

says, is one of the smallest in the history of the sugar beet industry. Because of the world sugar situation, he adds, sugar beet quota restrictions have been temporarily removed, and he looks for a large increase in western acreage in the immediate future. Because of new methods and new machinery, he thinks American beet sugar is likely

VFW Slates Member Push

Commander Ralph Jones of Pelican post 1383, Veterans of Foreign Wars, announced today that the

post will stage a membership drive during the week June 23 to July 3 with the objective of enrolling 500 new members. Pelican post 1383 now has a total of 450 paid up members, Commander Jones said. "We estimate that this city has 1500 overseas veterans and we hope to enroll at least 60 per cent of that number in our post," he said. "The overseas veterans of Klam-

ath Falls need the help that the Veterans of Foreign Wars can give them," Jones added. "By joining with 2,000,000 other men who have served their country overseas they can do their part to see that every veteran receives a decent break. "More and better service to veterans is the slogan of the Veter-

ans of Foreign Wars. We have set aside the largest fund in our history for expanding our service facilities in 1947," Commander Jones said. For buying, selling, trading, use The Herald and News Want Ads for quick results.
