State Board Eyes Prison Building
SALEM, June 21 (AP)—The state emergency board of control planned a joint meeting here for late today to consider building a new cell block at the state prison, with the block to contain single cells for 400 men.

The board was expected to approve the building since the cost will be only \$500,000, or \$100,000 less than the estimate.

The board's action today will be whether to accept the \$249,750 bid for the steel work on the building. Bids have not been called for the concrete part.

PALACE NEWS
by "Butch"

AS WITH certain alcoholic beverages, aging develops the full, natural goodness in meat. The method that enables The Palace to GUARANTEE you delicious meat includes other important steps, as well.

THE QUALITY requirements of The Palace Market guaranteed meats specify that it be "hung" the full number of days needed to bring out peak flavor and tenderness. This scientific meat aging is accomplished in special equipped coolers at the Johnson Packing Co.

IN ORDER to bring out the flavor by proper aging, the meat has to be there to bring out. That can't be done with ordinary range cattle. Therefore, we select top government graded steer beef to begin with. And nothing less than top grades of lamb, veal and pork.

WE believe we have the best meat cutters in the business at The Palace. They trim your meat to remove excess bone, waste, and fat. Such wasteful trimming before your meat purchase is weighed gives you more good-eating meat per pound for your money.

PRECISELY, at their tempting heat, these delicious meats are yours at The Palace. Automatic temperature controls and electronic rays guard their goodness at every step. Stop by our continuous food festival for your favorite cut which we guarantee to please. Or let us deliver to your door at no extra cost.
