PALACE NEWS
by "Butch"

ONE OF THE GAYEST scenes in Klamath Falls occurs each time a Lady walks in our NEW Food Superette and gets an eyeful of the modern scientific method in which we display our meat.

THE PALACE MARKET is now a housewife's Dream Palace which appears to have dropped from heaven. The delightful expression on the Ladies' faces as they view Klamath Falls' NEW PALACE for the first time is really something to see.

And regardless of the monetary consideration the Boss is already well paid because we have literally made Cinderella Princesses out of every housewife in Klamath Falls. Those who see it are simply awed.

YOU KNOW and I know that there has been no fundamental improvement in the retail distribution of meat for more than 30 years. Practically all food stores have become self-service in respect to all other items, except meat, during that time.

Why? Simply because housewives like self-service and have become accustomed to it, and now demand it. The quickest way I can think of to go broke would be to open an Old-fashioned cracker-barrel food store.

AND NOW, for the first time in Klamath Falls, The Palace Market has taken the retail meat business out of the cracker-barrel stage.

YES, you serve yourself in a leisurely calm manner and leave with exactly what you want at a price you want to pay. There is no one to high pressure you or to talk you into buying some cut of meat you don't want or feel that you can't afford.

OUR MEAT is cut and packaged in cellophane hourly under refrigeration and electronic rays at the Packing House. It's delicious, tender, juicy flavor is sealed in as it blushes prettily in our ultra-modern NEW meat cases. Shopping here becomes an interesting pleasure.

RECENT National polls show that 5 out of 6 housewives not only prefer self-service meats but demand self-service meats. Experience in other parts of the Nation shows that it is sweeping the country.

THE PALACE MARKET was the first in Klamath Falls with scientific refrigerated self-service vegetable cases. Now, as usual, we're again first with self-service meats. We lead and others follow.

That's why they say it pays to SHOP PALACE, 524 Main, in the heart of the Ritzy Shopping District.

P. S. I'll lay 7 to 5 that Mrs. Ricky's new baby will be a BOY.

Ronald Avery, nine-year-old boy who received a serious head injury when accidentally hit by a baseball bat Wednesday night, was believed to be past the crisis and slightly improved from the very painful injury by hospital attendants today.

The boy is the son of Mr. and Mrs. Robert A. Avery of 1005 Esplanade, and was struck by the bat during a ball game at Modoc field. As he stood near home plate, the bat slipped from the grip of the batter, striking Ronald in the forehead.

The boy was brought to Hillside hospital where emergency surgery was performed.

Police Ponder Finding Gun

PORTLAND, June 27 (AP)—Maybe they were just used by boys playing cops and robbers, but police wondered today why an automatic pistol and an empty bank money bag were in a small cave dug by children.

Records showed the gun was last registered to the late Harry L. Gross, attorney. The money bag, police said, could have come from a "thousand" places.
