Wheat Shows Strong Gain

CHICAGO, June 30 (AP)—Corn futures prices climbed more than 4 cents a bushel at times today, with the July delivery passing the $2.00 mark again. Wheat and oats were not far behind, gaining about 2 to 3 cents late in the session.

General commission house buying and a general lack of hedge selling boosted wheat. Belief that government buying for export will continue active also was a factor. The government bought 2,210,000 bushels of wheat for export at Kansas City aturday. India bought 12,000 tons of flour over the wek-end, and was in the market for 12,000 tons more.

Wheat closed 2 to 3⅞ cents higher than the previous finish, July $2.18⅝-2.19, corn was up 2¾ to 4 cents, July $2.0[illegible]-⅞ and oats were 1 to 2¾ cents higher, July 98½-⅝.

Wheat harvest was underway today in Kansas, where a record crop of more than 275,000 bushels was predicted. Harvest of Oklahoma's bumper crop is moving northward rapidly and is more than half completed, the Santa Fe railroad said in a crop summary.

Timid Buying Slows Market

NEW YORK, June 30 (AP)—Timid buying centered on oils and special issues in today's stock market, a number making new highs for the year, but the majority remained in a fractional range and many leaders did little or nothing.

Aside from a moderate upward flurry around mid-day, dealing slackened after a fairly active opening. While plus marks running to a point or so predominated at the close, numerous pivotals were unchanged or down a shade. Transfers for the full stretch held to the vicinity of 700,000 shares.

Growing fuel shortages buoyed the petroleum group with tops for 1947 reached by such favorites as Shamrock, Texas Co., Standard of Calif., and Shell Union.

U. S. Steel and Bethlehem retained modest advances despite the sharpest drop of the year in this week's Ingot output. Spencer Kellott added several points at a year's peak. Ahead were Chrysler, General Motors, Sears Roebuck, International Harvester, Joy Mfg., Du Pont, Schenley, U. S. Gypsum and Great Northern Railway.

Bonds were uneven. Cotton, toward the finish, was up 30 to 80 cents a bale. At Chicago wheat advanced 2 to 3½ cents a bushel, corn 2½ to 4 cents, and oats 1 to 2¾ cents.
