Upwards to 75 children are enjoying the Biblical instruction and relative games connected with the Bible school activities held at the First Baptist church for the past two weeks. The school will close with a huge picnic for all those who have attended the Bible school and parents of the children who wish to attend. The program will be Friday night when the children will exhibit their work.

Mrs. Freda Evans is to be congratulated on her untiring efforts as general superintendent in putting across the program. Along with her those who are giving splendid cooperation are the following instructors: Mrs. Norma Nelson, who is helping with the primary group; Mrs. Ruby Parin, who has the junior class; Mrs. Eugene Barrows, who has the intermediate class; Mrs. Vivian St. Clair and Rev. Eugene Barrows, who are also helping with the junior class, and Mrs. C. Cook who has the beginning class.

The California state highway department began the work today of moving buildings on the California side of the highway right-of-way. Gordon Patterson's house was the first to be moved, then in order will be Johnston's home and service station and the old barber building. All will be moved. In all it will make considerable work in the town for the coming months. It is understood that Johnston will erect a new modern service station when the corner now being used has been changed. Their home when moved will face east on the highway. All buildings will be moved approximately 12 feet.

The youth club members and their parents had a big picnic up at the East Side Orange grove grounds last Sunday. Homemade ice cream was a feature of the picnic and softball was played for recreation. All the youngsters piled into Andy Anderson's truck and motored up to the lakes where swimming took place. Then the group came back to the picnic grounds, played some more ball, ate some more and came home. Around 40 persons were present.

Ernest Robnett had a close call last week while riding down on the lake front. His horse got caught in a barbed wire that was lying unnoticed in the grass and became curiously entangled. Ernest saw the dragging out of the grass back of him and seeing what was up, attempted to get off to extricate his horse from the treacherous wire. The horse reared and whirled at the same time, throwing Ernest off his feet, but he still clung to the saddle horn. The animal kept whirling and became more and more entangled and also entangled Ernest in the wire, tearing his clothes nearly all off and cutting him badly in several places as he was dragged in the sharp barbed wire for a ways. His chest was hurt and his knee badly wrenched, besides the cuts and bruises.

A nice pink and blue shower was given for Mrs. Helen Tucker last Wednesday afternoon on the spacious lawn at the Alpha Smith home. Around 50 guests were present and the occasion was very lovely, with singing and music in the nice summer afternoon, and the unwrapping of numerous gifts.

**Art Group Lays Plans For Year**

Recently incorporated as a non-profit organization in Klamath Falls, is the Klamath Art association. The incorporation was made about two weeks ago, but preparations leading up to the official birth of the organization had started some five months ago.

to exhibit local artistic endeavor as well as national and international traveling art exhibits.
