## Still Unconscious

A man who fainted at the Southern Pacific depot Saturday is still unconscious today in Hillside hospital. The man, identified as D. W. Butler, was passing through Klamath Falls on the train en route to Portland. He fainted while the train was stopped in the Klamath Falls depot.

He was taken to Hillside hospital and failed to respond to treatment, remaining only partially conscious. Butler's mother is expected to arrive today from Portland to take him to a hospital there. The nature of his ailment is not known.

## Fire Department Has Quiet Week

The city fire department had a quiet week-end with two false alarms and a burning davenport reported. At 1:16 a. m., Sunday, firemen went to the Fairfield apartments, 216 Main, where an alarm had been turned in, but found the supposed fire to be only someone's dinner, which had been left cooking on a stove.

A call at 4:35 Sunday afternoon sent the fire truck to 317 N. Ninth where a davenport was slightly damaged when it caught fire. Resident in the house was A. G. Wilkinson.

This morning at 10:35 a call to 207 Nevada proved to be a false alarm.

## Army Brig Quiet After Disturbance

FT. LEAVENWORTH, Kas., July 14 (AP)—Quiet prevailed and regular routine was carried on at the U. S. disciplinary barracks today following a disturbance yesterday originating among 18 inmates recently

brought here from Fitzsimmons general hospital in Denver. Maj. Henry C. Triester Jr., public information officer, said the military prison's population went to mess as usual this morning and that regular work lines were sent out. An investigation is under way, he said.

Average corn production per acre in the United States has risen from around 26 to 27 bushels before 1939 to more than 35 bushels.

## Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Bel-tone, Dept. 6114, 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Bel-tone today.

## Souvenir Pistol Injures Vet

Eugene William Hooten, of Malin, is in Hillside hospital recovering from wounds received when he was accidentally shot while cleaning a gun Saturday evening. Hooten was cleaning a war souvenir

pistol when the weapon accidentally discharged, the bullet entering his left arm and piercing his left leg. The injured man believed the gun to have been unloaded when he started to clean it. Hospital attendants say that his wounds were not serious, and he is responding nicely to treatment.
