

City Council Talks Moore Park Busses

Possibility of establishing bus service to Moore park by routing busses along California avenue, which would probably necessitate limiting California avenue parking to one side of the street, was discussed at last night's meeting of the city council.

Councilman Paul Landry and Wendell Smith reported that Louis Soukup, manager of the Klamath Bus company, was "very cooperative" in trying to work out a Moore park bus schedule. They said it appeared a plan could be agreed upon if some provision for supplying bus service to residents of California avenue from Conger to Delta street could be included in the run.

At present, traffic conditions on California do not permit bus service, the street having two paved strips which are too narrow to permit both bus operation and parking. Limiting parking might be the answer, it was said. Further investigation will be made.

Rodeo Request

A letter from the Klamath Basin Roundup association was read before the council. It requested that the July 4th date be held for the yearly rodeo and not let to any other entertainment group. It also requested no other entertainment be permitted within 30 days prior to the July 4th date. The letter was placed on file by the council. No other action was taken.

Monthly Report of Airport Manager

The monthly report of Airport Manager Wilbur Whitcomb was read before the council. According to the report \$8,250.18 was paid out and \$1,826.89 was taken in. That means a deficit of \$6,423.29 was incurred in the operation of the airport for the month of June.

A proposal to establish the pay of city policemen was presented to the council. It would provide that policemen be paid \$205 for the first six months; \$210 for the next six months; \$215 after the end of a year; and \$220 after 18 months. This proposal was sent to the budget committee for study.

It was decided at the meeting that Fire Chief K. K. Ambrose be sent to the convention of the Pacific Coast Association of Fire Chiefs to be held at Spokane, Wash., on September 14, 15, 16 and 17.

A resolution was passed authorizing the sanitary inspector to look into a possible pollution of the water at Pershing and Shasta way.

The city engineer was authorized to proceed with preparation of plans for a sewage system for the triangular area generally bounded by Shasta way, South Sixth and Washburn way. A sewage district will be proposed there. Sewage facilities for the section on the other side of South Sixth street, in the same general area, will await further study.

Kaiser Shipyard Goes On Block

PORTLAND, July 15 (AP)—The record breaking Kaiser shipyard, Oregon Shipbuilding corporation property north of the city, became war surplus property yesterday and will be sold by the war assets administration.

The W.A. said the yard originally cost \$20,639,456 and would be sold after an appraisal is made.

Oldest Vet Passes 106th Birthday

ROCHESTER, N. Y., July 15 (AP)—James A. Hard, the nation's oldest surviving member of the Grand Army of the Republic, observed his 106th birthday today with a declaration that "I'm feeling younger than I did last year."

"I presume I'd live to be an old man if I didn't smoke so much," he added with a grin.

Display of Northwest Attracts Attention at Utah Cenennial

Visitors to the Utah Centennial, now being held in Salt Lake City, are getting a preview of the Pacific Northwest at this attractive display set up by the Pacific Northwest Tourist association. Pictorial views of Washington, Oregon, Idaho, Montana, Wyoming, North Dakota, South Dakota and Alberta, Canada, are featured. Representing Oregon is a view of Wizard Island in Crater Lake.

Police Get Air Briefing

Seven CAA officers arrived by plane this afternoon to conduct a course in "Law of the Air" at the Oregon Vocational school tonight, for Oregon state police.

A flight demonstration will be given over the school and the course will consist of lectures, color films and outlines of regulations relating to aerobatics and low flying over town. This course is to promote air safety enforcement.

Arriving from Seattle for the course are R. E. Herr, district counselor for CAA; R. B. Bancroft, assistant to the regional administrator for Oregon state police; Wiley Wright, assistant to the regional administrator for private flying; L. D. Cuddeback, safety investigator for the civil air board.

Leo Devaney, state director of aeronautics, also arrived this afternoon and senior inspectors, E. S. Leach of the Portland district and J. P. Feehey, Klamath and Eugene district, have been invited to participate in the program.

A CAA plane carrying the Seattle men left Portland at 11:47 a. m. today, arriving in Klamath Falls in the early afternoon. Reservations were made at the Willard for the visitors.

Malin

Mr. and Mrs. H. C. Caldwell of Los Angeles have been visiting at the home of Mr. and Mrs. John James and family. Caldwell is a brother of Mrs. James.

Mr. and Mrs. Frank Victorin and family and Joanne Wilson left last Friday for Medicine lake.

Lou Petrasek of San Francisco has been visiting relatives in Malin.

Mrs. Maude Melton left Malin last week. She expects to vacation at Lake Louise and various other parts of Canada before returning to Malin in the fall.

Mr. and Mrs. T. H. Packer of Robstown, Tex., and Mrs. Bertha Smith and Mrs. Ada Struble of Corpus Christie, Tex., have been visiting Mrs. Pansy Hornbeck and family. Mrs. Packer and Mrs. Smith are Mrs. Hornbeck's sisters.

Mr. and Mrs. Jerry Rajnus left Saturday by air to attend the Elks convention in Portland.

Mr. and Mrs. Ted DeMerritt and family are vacationing in the Redwoods.

Ted DeMerritt, Bonnie Stephens, W. C. Dalton, Vaclav Kalina, Emil Tofel, and Louis Kalina were guests of Dr. F. Cecil Adams at the Sportsman's hotel in Tulelake last week. They discussed the Boy Scout trust fund a plan presented by the camping committee and executive board of the Modoc area Scout council.

Police Hold Man For Ohio Officers

Alonnis Clarence Gordon, 37, of route 3, was arrested this morning by city police on information that he escaped from an Ohio penitentiary nine years ago.

Gordon, the Ohio report said, was serving a 10-to-25-year sentence for robbery in the Mansfield, O., state reformatory, when he escaped in 1939. He has been in Klamath Falls for about a year and a half. Gordon told officers he would not waive extradition.

One Killed, Two Injured In Wreck

THE DALLES, July 15 (AP)—One man was killed and two others injured in a three-car collision east of here last night.

L. L. Bolton, 66, Wasco county rancher, was killed. Ernest Andrews, Indian, and his small son Eugene, are in a hospital here with serious injuries.

Police said they were told that Andrews lost control of his car and sideswiped one containing Mr. and Mrs. Tom Fawcett of San Jose, Calif., then crashed head-on into Bolton's car. The Fawcetts were unhurt.

Surgery—Leona May Arnold of 3443 Bristol underwent major surgery this morning at Hillside hospital.

In The Day's News

(Continued from Page One)

to pass it over Truman's veto. There probably are two main reasons for its failure:

1. We don't know how much money we'll have to spend to rebuild our part of the world.
2. The politicians all want to cut taxes in an election year.

To this, we should really add a third reason: Everybody loves spending and dreads economy.

Army Courts Overhauled

WASHINGTON, July 15 (AP)—The house armed services committee today approved legislation overhauling the army's court martial system.

The bill, drafted by a subcommittee headed by Rep. Elston (R-Ohio), provides:

1. For an independent judge advocate general's corps. The judge advocate general is given clemency and review authority not now vested in him.
2. Gives enlisted men the right to demand appointment of enlisted personnel to courts.
3. Prohibits commanders from exerting influence on members of military courts.
4. Makes it mandatory for the judge advocate general to review all court sentences whether or not they are suspended.

Schedule Of Truman Given

WASHINGTON, July 15 (AP)—White House Press Secretary Charles G. Ross today gave this tentative schedule of presidential messages to congress, which hopes to adjourn by the end of next week:

1. A message calling for a comprehensive flood control program from the Appalachians to the Rockies probably will go to Capitol Hill tomorrow or Thursday.

2. The message vetoing the new \$4,000,000,000 tax reduction bill will be sent to the house this week, likely on Friday.

3. A long economic report probably will be made next Monday, rather than this week as previously indicated.

In addition, Ross said President Truman hopes to be able to announce before the end of the week the appointment of a general counsel and two members of the national labor relations board. Both require senate confirmation.

Lords Approve Transport Measure

LONDON, July 15 (AP)—The overwhelmingly conservative house of lords passed the labor government's inland transport nationalization bill today, but sent it back to the house of commons with a dozen amendments approved over government protests.

The bill would bring Britain's railroads, bus lines and long-distance truckers under government ownership by next January and would involve an estimated \$4,250,000,000 government expenditure to purchase the facilities.

Import-Export Controls Extended

WASHINGTON, July 15 (AP)—President Truman today signed legislation extending export-import controls over scarce commodities until next February 29 and said some foreign trade supervision will be needed even after then.

These controls, embodied in the second war powers act, originally expired June 30, but were extended for 15 days by a stop-gap congressional resolution.

Local Firm Gets Timber

Klamath Lake Moulding company was successful bidder today at \$3.77 per thousand feet on a state timber sale involving slightly less than one million feet.

Bids were opened Tuesday morning on the 120 acres of mature fir in the Klamath Indian reservation near Kirk. The county acquired this land about three years ago from tax title and deeded it to the state. The county will realize 90 per cent from the proceeds of the sale and the state will retain 10 per cent for administration purposes.

The lumber company will pay the state by scale as the timber is cut and has two years according to the conservation act, to get the timber off the land, and must leave four or more seed trees, 16 inches in diameter and over breast high, for each acre. The state will pay the county once a year.

William A. Spangler, manager of the Palmerton Lumber company, advised that cutting on the sale would probably start some time in 1948.

Permits Total \$39,400

Building permits granted at the city council meeting Monday night totaled \$39,400. Largest permits were filed by Burkhard and Schortgen for the construction of a \$10,000 warehouse, 520 Market; and A. B. Cummins, \$3000, and A. B. Bleummine, \$9000, for the remodeling of Dick Reeder's, 5th and Main. Brosterhouse Construction company also applied for permission to enlarge the showroom at Dick Miller's garage, 7th and Klamath, \$4000.

Other permits granted included Burkhard and Schortgen, remodeling residence, 3rd and Pine, \$500; Burkhard and Schortgen, addition to residence, 1966 Huron, \$1500; C. W. Howry, installation of gasoline tank, 101 E. Main, \$250; J. A. Jones, repair house, 5th and Pine, \$50; J. A. Jones, new residence, Lot 15, Block 30, Eldorado, \$6500; Jack Fitzgerald, new roof, Underwood
