Klamath Motorists Pour $4000 Into City Till In Overtime Parking Fines

Motorists receiving traffic tickets for parking violations averaged about 55 a day, according to the city police department, but records show that as many as 75 tickets have been issued by policemen in one day. Most of the tickets are slipped under windshield swipers because motorists fail to keep money in the parking meters.

Slightly less than $4000 has been collected in fines since the installation of parking meters in late January. While most of this money results from meter fines, it also includes fines from other parking violations. In February $779 was collected; March, $895; April, $817; May, $820, and June, $659.

Fail to Pay

A number of out-of-town drivers are often given tickets, but because they are just passing through Klamath Falls, generally fail to pay fines. Some Klamath residents ignore traffic tickets; in such cases warrants may be issued by the police department. There is always the usual number of habitual violators who received tickets several times a day, or several times a week. Chief of Police Orville Hamilton labeled these as the "just don't care" drivers.

Fines for not observing meter regulations are 50 cents regardless of the number of times a driver has received a ticket.

This money, along with the parking meter intake, is used for the maintenance of traffic signs and anything which contributes to the safety of the driver or pedestrian. Cross walks are being repainted throughout the city at present by the police department. Plans are also being made to yellow-stripe curbs in front of the fire hydrants throughout the city. Work will start soon on crosswalks and warning signs around schools as Hamilton indicated that these areas must be well marked before schools convene in the fall.

Street Markers

New plastic street markers have been ordered by the police department and when they arrive, they will be placed at the corner of 6th and Main for a trial. The white four-and-a-half inch discs will be placed in the pavement to designate cross walks. If they prove satisfactory they will be placed at other intersections throughout the business area. Hamilton believes that they should be more satisfactory than the present yellow lines as they will be permanent. The white markers and installation will cost no more than the painting of the streets for a year.

Four Named To Rent Board

Five Klamath Falls men, Bogue Dale, Tom Watters, D. N. Clemens, Albert Roenicke and Lawrence Slater, were recommended today as advisory rent control committee members for the local control area by Gov. Earl Snell in his recommendations to the federal housing expediter.

There are eight control areas in Oregon, the other seven including Salem, Portland-Vancouver, Benton-Linn counties, Douglas county, Lane county, Medford and Pendleton.

The recommendations were made in accordance with the provisions of the new rental control act passed by congress.

Douglas County Elks On Increase

REEDSPORT, July 17 (AP)—An increasing number of elk is reported in Douglas county's Dean mountain district southeast of here.

Sgt. R. M. Miles and Charles C. Johnson of the state police reported that on a survey trip through the district they saw more animals than on any other visit to the elk breeding grounds. They said they saw one cow elk whose weight they estimated at more than a ton, with three calves, each as large as a mule deer.

Timber Auction Dates Set

PORTLAND, July 17 (AP)—The U. S. forest service today set August 11 for two timber auctions.

A Columbia national forest tract of 47,850,000 board feet, appraised at $329,855, will be sold here. A Chelan national forest tract of 20,190,000 feet of Ponderosa pine will be sold at Okanogan, Wash.

Agents Find Hidden Opium

SEATTLE, July 17 (AP)—Howard MacGowan, collector of customs, said today that U. S. customs agents found 12 pounds of crude opium, worth $75,000 at illegal prices, hidden in the forepeak of the Dutch ship Mapia yesterday.

The opium was wrapped in an old Calcutta newspaper, MacGowan said. He added that the Mapia had been searched by customs agents in Los Angeles, San Francisco and Vancouver, B. C., but that they had failed to find the drug.

The Mapia is operated by the Java-Pacific line, the officers are Dutch and it has a Javanese crew with one Chinese, a ship's carpenter.

MacGowan said the officers and crew disclaimed knowledge of the opium.

Agents for the line here said the Mapia had been in Calcutta, Ceylon, the straits settlements and Honolulu before coming to the Pacific coast.

The customs agents were led by Roy F. Jones, who served as an army major in China during the second World war.

W. Virginia Election To Be Probed

WASHINGTON, July 17 (AP)—The senate rules committee launched a full-scale investigation today into charges of fraud in last fall's election of Senator Kilgore, West Virginia democrat.

Simultaneously, Senator Kem (R-Mo.) insisted that the senate itself pass on his resolution for a complete inquiry into what he has termed the justice department's failure to conduct a full investigation of alleged irregularities in the, August, 1946, Kansas City primary.

The rules committee voted unanimously last night for the West Virginia probe. It involves the re-election of Kilgore, whose official margin over Tom Sweeney, the republican nominee, was 3534 votes out of a total of more than a half million.

No Comment

Kilgore's aides declared "it appears from . . . preliminary investigation that vote frauds, election irregularities, and the purchase of votes were prevalent" in the West Virginia election.

A subcommittee headed by Senator Jenner (R-Ind.) recommended the general inquiry after a spot check in two counties. It will be conducted in 12 counties cited by Sweeney in his complaint—Boone, Cabell, Fayette, Kanawha, Logan, Mercer, Mingo, Munroe, McDowell, Raleigh, Wayne and Wyoming.

Forty per cent of the votes in the state were cast in the 12 counties.

The rules committee asked the senate for $95,000 in additional funds to carry out the investigation.

Airline Starts Service Today

SEATTLE, July 17 (AP)—West Coast Airlines extended its feeder service today to seven Western Oregon cities, with Herbert A. Munter, vice president, announcing twice-daily schedules to the new stops. Twin-engined DC-3 transports now will land at Albany, McMinnville, Corvallis, Eugene, North Bend, Coos Bay and Medford. Several Washington cities have been served since last fall and the next route extension will be northward to Everett, Anacortes, Mount Vernon and Bellingham, Munter said.

The line has been certificated by the CAA to serve 24 Western Washington and Oregon cities.

Aloha Cleaning Establishment Burns

ALOHA, July 17 (AP)—A fire which broke out in the Aloha cleaners today caused $8000 damage to the shop, destroyed the adjacent Aloha inn, and damaged a coffee shop next door.

The Aloha inn, which has not been operating recently, was occupied by Mr. and Mrs. Jack Meyers. They managed to carry their household goods to safety. Loss in the inn was estimated at $1000.

Sun Bath Is Bad Deal

TACOMA, July 17 (AP)—The old swimmin' hole trick had a new and embarrassing turn here for Merilyn Thornley and Violet Zimmerman, both 19 years old.

The two girls decided while walking in Point Defiance park's more remote sections yesterday that they would like a sun bath. They peeled "most" of their clothing and hung it on a limb while they basked in the warm sunshine.

Two hours later they discovered someone had taken their clothes. A cautiously summoned park patrolman called police and a prowl car was dispatched to take them home—tanned but chastened.
