Stock Leaders Show Losses

NEW YORK, July 30 (AP)—Mild short covering and investment demand stemmed the slide in today's stock market although many leaders continued to record losses.

Selected issues edged forward in the forenoon on relatively quiet dealings. Going into the final hour there was a brisk sell-off with pivots in virtually all departments jolted 1 to 3 points or so.

Extreme declines were reduced in the majority of cases or converted

Most Grains Show Advance

CHICAGO, July 30 (AP)—Grains scored sharp advances on the board of trade in opening minutes today and then managed to hold onto them, without any additional substantial gains.

Yesterday's sharp shake-out evidently had attracted new buying. The gain was helped by a slight rise in the government buying in the corn belt.

Wheat closed 5 to 5 1/2 cents higher, September \$2.27 1/2, corn was 3 1/2-4 cents higher, September \$2.08 1/2, and oats were 2 1/2 to 3 cents higher, September 90 1/2-1, cents. Lard ended 10 to 20 cents a hundred pounds lower, September \$17.70.
