company has become increasingly active in the local lumber manufacture field in the past few years, and has taken a leading position in lumber re-manufacturing here. Its re-manufacturing operations are located on South Sixth street, and its sawmill division has been located at the Boy Scout mill, where it will continue until the change to Big Lakes on Lake Ewauna. This firm has been active in timber purchases in this area, and recently contracted to buy 50,000,000 feet from the Umpqua national forest in the Diamond lake

country. The company is now building a logging road to bring this timber to Klamath Falls via the Southern Pacific from Yamsay siding near Diamond lake junction.
