

Cordon One Who Got Dam Funds

PENDLETON, Ore., Aug. 13 (AP)—Rep. Harris Ellsworth (R-Ore.) today credited Sen. Guy Cordon (R-Ore.) with increasing the McNary dam appropriation this year to \$4,500,000 from \$3,000,000 voted by the house and he said the project was assured of completion now that such a heavy investment had been made.

Ellsworth, a Roseburg publisher, stopped here en route home from Washington, D. C. He was accompanied by his two daughters, Mary Margaret and Jane. Mr. Ellsworth, who stopped over a few days in the Middle West, was to join him in Portland tomorrow.

Satisfaction Told
He expressed satisfaction with congress' achievements this session and said he felt the republican party had fulfilled its election promises almost 100 per cent. He said it had reduced the budget, passed new labor relations law and twice voted an income tax cut bill.

Admitting he was an eternal optimist, Ellsworth said he didn't believe there would be another depression like that of 1933-40. He foresaw a "levelling off" and a reduction of present prices, but no panic.

He believed the United States had at least 10 years of reasonably good times ahead.

Britons Fear Film Collapse

LONDON, Aug. 13 (AP)—The owners of Great Britain's 4,500 motion picture theatres declared Tuesday they "cannot continue" without Hollywood pictures.

They urged the labor government to reconsider the 75 per cent tax on foreign film earnings, which provoked American film companies to embargo all shipments of feature pictures and short subjects to Britain.

"Is your deliberate intention to obliterate the British film industry?" the Cinematograph Exhibitors association asked Prime Minister Attlee in a letter published after an emergency meeting.

"The confiscation of 75 per cent of the earnings in this country of American film companies, without an alternative being available, could only lead to the withdrawal of the American companies from this market."

"Without their product, we cannot continue."

Ram To Be Given Away At Sale

PENDLETON, Ore., Aug. 13 (AP)—Floyd T. Fox, Silverton sheepman, has donated a yearling Suffolk ram to be auctioned at the 21st annual Oregon Ram show here Saturday for the benefit of the Oregon Wool Growers auxiliary. It was announced today.

West Point Short Of Applicants

WEST POINT, N. Y., Aug. 13 (AP)—The U. S. Military academy said today that its enrollment of cadets was 276 short of its authorized strength of 2496, principally because there were not enough qualified appointees to fill existing vacancies.

The present strength of the corps was placed at 2220, including 626 members of the fourth class, or Plebes, who entered the academy early in July.

Workers Build Up Strike Relief Fund

NEW YORK, Aug. 13 (AP)—Members of Local 65, Wholesale and Warehouse Workers union (CIO), have voted to tax themselves one week's pay to build up a \$500,000 strike relief fund against the Taft-Hartley law, David Livingston, organization director of the union, announced.

CARNIVAL

By Dick Turner

"Oh, it's nothing—he's just fussing! He says you're sitting on his chocolate cake!"

Crews Control Fire On Hill

A fire which started on the hills back of the Hot Springs water tank just before noon Tuesday, was brought under control by the combined efforts of crews from Oregon Vocational school, county fire department and Klamath Forest Protective association.

The fire had swept over approximately 100 acres before it was stopped. KPFA's interest in the fire which was on county property, was on keeping it from spreading into the forested slopes of Hogback mountain, and from the valley occupied by OVS.

Although such a fire is usually estimated as causing no damage, Hal Ogle, superintendent of KPFA explained, since it only burns off the dry grass, there is a loss in soil protection. If fire can be kept from these dry slopes for a few seasons, he said, native bunch grass will be given a chance to grow back. This type of coverage, besides building up the soil, also keeps it from erosion by wind and rain and is in addition fine grazing for cattle.

Spud Growers Ask Support

ONTARIO, Aug. 13 (AP)—Malheur county potato growers reported today the producer price of their crop had dropped below the required 90 per cent of parity level and they have asked federal price support action.

Francis Chilman, secretary of the Malheur county AAA, said producer prices have declined to \$2.05 a hundred for U. S. No. 1 grade, sacked and loaded aboard cars. He said this was 5 cents below the support price level.

The AAA officer said the growers had asked the support price for 60 carloads of Bliss Triumphs yet to be marketed here. Around 1000 carloads of this year's crop already have been sold in Eastern markets, averaging \$2.35 a hundred.

Logger Hurt In Accident

Dale Herman Wuthrich, log truck driver residing at 2813 Homedale road, was brought to Hillside hospital at 1:30 Tuesday afternoon after an accident on the Dead Indian road above Lake of the Woods.

Extent of Wuthrich's hurts was not readily determined. He was conscious when he arrived at the hospital in a state patrol car and was taken immediately to the X-ray room.

State police said he was driving toward Lake of the Woods when the steering apparatus of the truck broke. The truck and trailer climbed a bank and turned over.

Wuthrich has been hauling logs for Kalmine the past several days.

Tax Law To Be Overhauled

WASHINGTON, Aug. 13 (AP)—A staff of treasury and congressional experts plans to have specific recommendations for a tax law overhaul ready when the house ways and means committee opens hearings here November 4.

Committee experts disclosed today that joint meetings of the two groups already are under way, with emphasis being placed on excise taxes and community property tax laws. No across-the-board tax cut bill such as the one President Truman vetoed twice last session is being considered.

The tax-framing house group already has held several months of hearings on general revenue law revisions and plans to have legislation ready for introduction when congress reconvenes in January.

Colin F. Starn, head of the ways and means committee staff, told a reporter the experts hope to be ready with definite proposals when the committee meets.

Village Burned By Wild Flames

CHETICAMP, N. S., Aug. 13 (AP)—Flames and choking smoke shrouded the Nova Scotia village of Pleasant Bay Tuesday after a dramatic rescue of 100 fishermen by the Cheticamp fishing fleet.

The blaze spread north on Pleasant Bay, 20 miles north of this port after rolling down a mountainside. In addition to the 100 evacuees landed here by the fishing fleet last night, a similar number were brought out in trucks before the fire choked off the highway.

Though there were as yet no accurate reports on the damage, evacuees said the village virtually was wiped out.

Local Men Given Medals

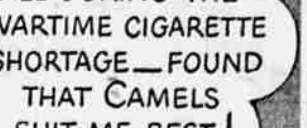

Many local Klamath Falls ex-navy men have been presented with the American defense and victory medals and while in the navy recruiting office have re-enlisted in the new civilian naval reserve. The following are the names and rates of the men re-enlisting: Cecil C. Ormsbee, WTI; Roy D. McDonald, ANMI; Daniel T. Kafton, BKPI; Jack J. Pex, ETMI; Harry P. Ivessee, WTI; Harold R. Glenn, S1; Rodger P. Westrom, S2; Candido Jimenez enlisted as AS; and William E. Chilcote, local business man, as seaman first class. William R. Colvin, RM2 re-enlisted from Lakeview.

Resinol has helped as many sufferers—it's well worth trying! Ask your druggist—the cost is small—the relief is great.

Soil Conservation Funds Cut Down

PORTLAND, Aug. 13 (AP)—Soil conservation work in Oregon will receive \$2,670,000 from congress instead of \$3,000,000 expected earlier, the state production and marketing committee said today.

The agency said the reduction would be pro-rated to farmers participating in the program.
