

# Heat Wave Moves Onto East Coast

**By The Associated Press**  
The Midwest's fading heat wave blew a sultry kiss of farewell to Illinois, Indiana, and part of Michigan today, at the same time bestowing a blast-furnace embrace of greeting on the East.

The weather bureau at Chicago said hot weather would continue today in Illinois, Indiana and the southeastern half of lower Michigan, but that cooler air was working in to those areas and should bring relief by tonight.

The rest of the Midwest, blissfully welcoming the arrival of the cool air, expected high readings in the 80's today, but ahead of the eastward-moving cool front the maximum temperatures were due for a return to the 90's.

**Hits in East**  
Meanwhile, the heat wave, which had become an old story to residents of the Midwest, descended on disgruntled easterners.

Boston reported a high Wednesday of 99 and New York City 97, with no relief forecast for the eastern states until Friday night.

The lowest temperatures reported from the northern hemisphere yesterday was 27 degrees at Big Piney, Wyo., which is situated at an elevation of 1090 feet above sea level. West Yellowstone Park, Mont., had 79 and Butte, Mont., 74. In Alaska, Point Barrow had a warmer 37, Juneau 53, Nome 45, and Fairbanks 49. Along the Aleutian chain the temperatures ranged from 45 to 50.

Chess is mentioned in Hindu literature at least 3000 years before Christ. It was then called "chaturanga."

## Nurses Asked To Register In State

PORTLAND, Aug. 14 (AP)—The Red Cross disaster nursing committee today asked all nurses not on active duty to register in view of the state health board's report of five new poliomyelitis cases.

Mrs. Gordon Shattuck, vice chairman of the committee, said the five cases reported in the past week did not create an emergency but a few more serious cases would require prompt nursing attention.

The board reported a total of 23 cases in the state this year.

## Report On Savings Due

WASHINGTON, Aug. 14 (AP)—President Truman said today he expects to be able to give an official estimate on "savings" by the last session of congress within about two weeks.

In a news conference last week Mr. Truman disputed republican claims of economies running higher than four billion dollars, and announced he had ordered an investigation to give the true picture, not appropriation shifts and changes.

The republican claims of economies were in relation to the \$37,500,000,000 budget Mr. Truman presented for operations of the government in the 12 months which began last July 1.

The president told his news conference today that he hopes to have a report in about 15 days on the budget situation.

## Police Check Death Suspect

SEATTLE, Aug. 14 (AP)—Procs. Lloyd Shorette and a Seattle police detective prepared today to fly to Martinez, Calif., to question a man booked there as Aubrey Smith in connection with the two-year-old slaying of a shoe store manager.

L. J. Bower, chief of the Contra Costa county, Calif., sheriff's criminal identification bureau, said there that Smith, 29, a transient was arrested in nearby Richmond and jailed for 10 days on a vagrancy charge.

Shorette recently filed a first degree murder charge against an Aubrey Smith in connection with the shoe store slaying. The prosecutor said he would fly south as soon as extradition papers are signed by Governor Wallgren.

Another man, Richard Britton, 29, has twice been sentenced to hang as a participant in the fatal holdup, and twice reprieved. During his trial the prosecution contended that an unidentified accomplice was the actual killer.

## Fund Lack Shuts Indian Services Up

PORTLAND, Aug. 14 (AP)—Curtailed of many Indian bureau services because of budget slashing by the 80th congress was announced here by E. Morgan Pryse, western zone director.

Pryse and A. C. Cooley, U. S. director of Indian extension services, said inhabitants of reservations would be limited in use of the extension service to one day operations.

The two officials also said the bureau could no longer handle land lease negotiations for individual Indians.

About 100 clerical workers are to be dropped from zone payrolls, Pryse said.

## Jap Volcano Blows Top

KARUIZAWA, Japan, Aug. 14 (AP)—Mt. Asama, 90 miles northwest of Tokyo, erupted suddenly this afternoon, probably killing four of a party of 20 Japanese mountain climbers near the summit.

The 8315-foot volcano sent clouds of smoke and ash thousands of feet into the air in six separate eruptions within four hours. There was no lava.

Japanese rescuers brought 16 climbers to safety, but one was burned so badly he was not expected to live. They said four others were missing and they were almost certain that two of these who were nearest the crater had perished.

The volcano appeared quiet during the night after this second burst of activity in two months.

Among spectators were Mrs. Douglas MacArthur and Lt. Gen. Robert L. Kitchener of the eighth army and his wife.
