

Dime Store Gals

On this page are pictured a dozen Klamath girls who are among the hundreds of local folks who will be serving the shopping public this busy Christmas season.

It takes a lot of work, and a lot of patience, to do a good job as a salesgirl in the Christmas shopping period, but these girls, when the cameraman called, were in the best of spirits and going "like mad."

The girls say that a day at the sales counter is hardest on the feet. Sensible shoes while at work, and a pair of easy slippers at home, help to ease that problem—which maybe is a gift idea for these girls and others doing similar jobs this Christmas season.
