

Troops Urged For Holy Land

PORTLAND, Me., Dec. 4 (AP)—The United States should train volunteer forces immediately for United Nations security council duty in Palestine, U. S. Senator Brewster (R-Me.) said today.

Brewster would have the volunteer group trained as a special segment of the U. S. regular army.

There is a "strong feeling in congress for the immediate preparation of a security force—a foreign legion—for action in the Middle East," the senator said in an interview.

He expressed belief that Russia would respond with troops if Jews in Palestine asked for help and the security council was not ready to step in.

"No one could object to Russia's stepping in at such a time," he declared.

The Jewish War Veterans, Brewster said, have offered to direct recruiting of volunteer forces for possible duty in Palestine.

Snell Estate Set At \$69,567

HALEM, Dec. 4 (AP)—The late Gov. Earl Snell left an estate of \$69,567, exclusive of property owned jointly by him and Mrs. Snell, an appraisal filed in Marion county probate court revealed today.

The appraisal listed \$33,370 worth of stock in the Arlington Garage Co., \$24,934 in government bonds and the rest in a savings account, cash and stock in Carbon Dioxide Recovery Corp., Richfield Oil Corp., and the Arlington National Bank.

Property held jointly by the late governor and Mrs. Snell included interest in a 4000-acre Eastern Oregon wheat ranch.

The appraisal was made by S. W. Starr, S. T. Smythe and William Marshall. The will, filed Nov. 4, left the estate to the widow.

Norblad Hits Tariff Ruling

WASHINGTON, Dec. 4 (AP)—Rep. Norblad (R-Ore.) took the state department to task today for approving recent trade agreements which lower the tariff on certain edible nuts.

He said he intended to carry his protest to President Truman before the executive acts on the agreements. He admitted, however, he was not optimistic Mr. Truman would reverse the department.

"The action of the department," Norblad said in a statement, "will severely cripple our American growers and as a result many of them in the near future will be forced out of business."

Norblad said he was unable to understand the department's action in "incurring an important segment of our agriculture economy when there must have been full realization of the dire consequences."

The Oregonian said the 50 per cent reduction in tariff on shelled walnuts was the only schedule that directly affects the Pacific Northwest.

"These new concessions to foreign competitors will have the effect of tossing an anchor at a drowning man when he needs instead a life-raft," he said.
