

Yule Bureau Work Starts For Season

Wheels were already grinding for the operation of the Christmas Bureau machinery in the basement of the Klamath county health unit and volunteer workers were faced with a big job which will increase as Christmas draws nearer.

Money and gifts will be accepted, as well as food donations, and all will be distributed to families in need. The Christmas Bureau is the project of the Youth Council of which Samuel Smith, city recreation director, is the head. All agencies interested in youth in the city and county, are affiliates of the Christmas Bureau.

Mrs. S. Banks Hopkins is chairman of the volunteer committee, and her assistants are Mrs. Lloyd Young, Carolyn Collier, Wanda Shaw and Dorothea Ellingson. They will be on duty from 9 a. m. to 5 p. m., in the health unit rooms, telephone 3300, until Christmas.

Anyone knowing of a family in need, is asked to contact workers at 3300 and give as much information as possible.

Smith said today that the purpose of the Christmas Bureau is to serve as a clearing house for all those in need during holiday time.

"We are making this a central clearing point through which we can control Christmas giving and to avoid duplication and to assure all families will receive consideration," Smith said.

"The volunteer workers will remain on the job until Christmas Day and they are giving their time without remuneration.

Already gifts are coming in. The Elks lodge made a sizable donation. Smith advised, and Swan Lake Moulding company has presented the Christmas Bureau with 200 toys.

Agencies affiliated with the Youth Council are:

- Juvenile court, welfare office, Klamath County Health association, county schools, city schools, YMCA, Boy Scouts, Girl Scouts, Camp Fire Girls, PTA's, recreation department, Lions, Kiwanis, Rotary clubs, Salvation Army, Moose lodge, Order of the Eastern Star, PEO sisterhood chapters, Business and Professional Women's club, AAUW, American Legion auxiliary, Order of the Amaranth, Red Cross, Aloha Past Matrons club.

WU Employees Vote For Strike Move

PORTLAND, Dec. 12 (AP)—Higher wage demand of Western Union employees were backed by a strike vote of 212 to 20 locally, S. H. Kimeldorf, president of the AFL Commercial Telegraphers union local 92, said today.

A member of the national negotiating committee, Kimeldorf left today for Washington following last night's tabulation of the vote. He said the workers are asking a 15-cent hourly pay boost.

Employment Figure Down

Employment in the Klamath basin started its November slump with the closure of small logging operations and is continuing in December at the usual rate.

This situation is normal for the season, Jack Almeter, manager of the Oregon state employment office, said Thursday. Larger logging companies have reduced employment but plan to operate on a small scale all winter if weather permits.

Reduced building activity due to the chill weather is another factor in the upward swing of unemployment which totals more than the estimated 800 for this time, numbering 1000, with approximately 225 women. Most of these women were employed in harvest work which was wound up at the end of November.

With additional help put on for the holidays in downtown stores, the post office, special deliveries and so forth, a slight lift is expected to be felt from about the 15th to the 27th of this month, Almeter said.

Chairman Eaton (R-N, J.) of the house foreign affairs committee told newsmen the conference group did not get around, at its first meeting today, to discussion of the senate and house differences over the total amount of relief.

The senate voted to authorize up to \$597,000,000 aid for the three countries, but the house pared the over-all total to \$590,000,000 and earmarked \$60,000,000 of that for China.

The conferees agreed, Eaton said, to a compromise by which not more

"After a major attack on a large center of population, the task of civil defense will be so onerous that every able bodied man and woman will be required to make some contribution to the measures of relief and restoration."

A white paper said 1,027,000 (million) of the 56,000,000 acres of land in Britain will be retained for use by the navy, army and royal air force and for military research and training. More than half the area will be used for: rifle ranges, battle training grounds, tank maneuvers and army camps. The remaining acreage will be permanent sites for airfields, barracks, stores, gun emplacements and radar establishments.

TO U. S. KYOTO, Japan, Dec. 12 (AP)—Lt. Col. Edwin J. Briggs of La Grande, Ore., former first corps special services officer, has left for the United States. He will be assigned to the Oregon National Guard.

County Asks Higher Pay From Tribe

tion is a hot spot and there have been no volunteers," Cooper said.

Possible Shake-Up
A shake-up in the administration of the Klamath tribe may be coming up, according to Cooper's remarks. He said that he believed the Indian service would "draft" officials to take over important service posts on the reservation if no volunteers appear.

The Klamath tribe, through the federal government, has a contract with the state of Oregon to pay not more than 60 cents a day per school child for education tuition, but the payments have been half that or less, according to county school figures. It was brought out at today's meeting that tribes in Nevada have the same sort of contract, only it calls for 90 cents a day.

The position of the Klamath county court is that the Klamath will have to begin to pay their proportionate share for education to allow the county school system to grow steadily.

Any decision reached here will have to be passed upon by congress.

Advance Aid Funds Okayed

WASHINGTON, Dec. 12 (AP)—A senate-house conference committee agreed today to authorize a \$150,000,000 advance by the reconstruction finance corporation to begin stopgap relief operations in France, Italy and Austria as soon as congress finally approves foreign aid legislation.

Chairman Eaton (R-N, J.) of the house foreign affairs committee told newsmen the conference group did not get around, at its first meeting today, to discussion of the senate and house differences over the total amount of relief.

The senate voted to authorize up to \$597,000,000 aid for the three countries, but the house pared the over-all total to \$590,000,000 and earmarked \$60,000,000 of that for China.

Steak Tough; Cook Guilty

OLYMPIA, Dec. 12 (AP)—A Skagit county cook had no justification for attacking a patron who had protested a tough steak, the state supreme court ruled today.

The patron's arm was broken and he was hospitalized for two weeks with head wounds, testimony disclosed.

The court affirmed the superior court conviction of Dan Hogan, the cook, for second degree assault upon Glendie Wayne Noble, U. S. navy enlisted man, in a cafe between Mount Vernon and Burlington last March.

"We do not commend the act of noble in picking up his steak in his fingers and going into the kitchen with it, but that act in itself was no justification for Hogan's 'attacking Noble as he did,' the court said.

Noble, stationed on Whidbey Island at the time, testified that he carried the steak into the kitchen after protesting its toughness and paying for it in the dining room. He said he was struck when he approached Hogan about it. Witnesses testified that Hogan struck the sailor with a heavy chain.
