Dual-Control Car In Use

LAKEVIEW, Dec. 13 — A dual-control car for use in driver instruction at Lakeview high school has been received and put into use, it was announced this week by Superintendent David Bates.

A cream colored, four-door Chevrolet sedan obtained without charge through the Graham Chevrolet company here and the American Automobile association, the car has dual controls installed so the instructor can keep control while the students practice.

Bates is instructor of the course, which began more than two weeks ago, in advance of the car's delivery. The course is open to both junior and senior class boys and girls and will include night driving as well as daytime and classroom instruction.

Bates attended an instructor's course at Portland last summer so that the Lakeview high school could qualify for one of the cars.

Tainter Buys Air Service

LAKEVIEW, Dec. 13—The Goose Lake air service established at the Lakeview municipal airport a year and a half ago by Glenn Plato has been purchased by Greg Tainter, the two men announced this week.

Plato said that he sold out in order to construct a modern tourist court at the south entrance to the city. Tainter, who has been airplane mechanic at the airport since October, 1946, will continue to operate the flying school under the original name.

Bud Moore, examiner qualified to give private pilots' licenses, who is credited by Tainter with being partially responsible for the good record at the airport, and his wife, Joy Moore, former WASP pilot during the war, will continue with Tainter as instructors. They had been with Plato since September, 1946.

Bicycle licenses went on sale this morning at the city hall, but only 14 turned out to get new tags. Starting next week the licenses will be on sale in the recreation office at the city hall, and must be purchased before January 1.

The licenses are good for 1948-49 and cost 50 cents. Those applying for them must have the following information: name of bicycle, brake and seat, and the frame number.

Lake O' Woods Road Closed

Lake o' the Woods summer home owners were discouraged today if they planned to enter the area to gather their Christmas greens Sunday. Ed Morse, caretaker, advised The Herald and News that a "good foot of snow" covered the lake section and roads were not in the best of shape.

Morse said the lake was frozen over but the ice was too thin for skating. There is quite a bit of snow on the west side of the lake. Several persons attempted to reach the lake last Sunday but were forced to turn back, Morse observed. Temperature reading at the lake Saturday morning was 26 degrees.

Elks Yule Party Set

Children of Elks lodge members will be given their annual Christmas gift from the lodge at 2 p. m. Sunday when the Elks will entertain with their traditional children's holiday party.

Between 800 and 1000 Elks and their families are anticipated. In store for the youngsters are a puppet show, a juggling act and a large supply of ice cream, cake and treats doled out by Santa Claus.

Center of the festivity will be the huge decorated tree at the lodge.

CAB Ends Hearing Into Plane Crash

SEATTLE, Dec. 13 (AP)—A civil aeronautics board hearing into the November 30 Alaska Airlines plane disaster at the Seattle-Tacoma airport was concluded yesterday, but the examiner said it would probably be six weeks before the CAB inquiry into the accident would be completed.

Eight persons lost their lives when the airliner overshot the field, crashed into an automobile and burned.

The closing session was highlighted by testimony by L. K. Phillips, civil aeronautics administration maintenance division executive, that the brakes were in working order but failed to stop the plane because it was still partially airborne when it went off the runway.

Pilot James E. Farris testified earlier that there was no indication of braking as he tried desperately to stop the plane.

Lewis Takes Miners Out Of AFL Fold

WASHINGTON, Dec. 13 (AP)—John L. Lewis has divorced his 600,000 miners from the AFL again in a move viewed by some labor men today as a sign that he intends to play independent in the 1948 presidential election.

The second split between the United Mine Workers and the American Federation of Labor came 11 years after Lewis first marched them out of the parent body and less than two years after he marched them in again. It was no surprise.

The 67-year-old Lewis had had his hat in his hand ever since the last AFL convention, when the executive council refused to go along with him in an all-out fight against the non-communist provision of the Taft-Hartley act.

Formal Break

The formal break came last night with a typical Lewis' gesture of contempt and a typical five syllable word which fell like an epithet—"disaffiliate."

"Green AFL—we disaffiliate. Lewis 12/12/47."

These words, scrawled in green crayon on a torn-off half sheet of cheap paper, were all the notice Lewis sent President William Green of the AFL.

While other union officials declined to be quoted offhand, several said a desire by Lewis for political independence next year probably hastened the end.

In view of his strained relations with other AFL leaders they said it was likely that he did not want to be committed to whatever political role may be played by the new AFL "labor's educational and political league."

K. C. Adams, editor of the UMW Journal, told reporters there has been "no deal" with any labor organization to combine forces for the election campaign.

Former Klamath Woman Dies

Word has been received in Klamath Falls of the death of Eula McAtee Strom of Pendleton, formerly of this city. Mrs. Strom was the mother of Bruce Bailey and the sister of Dr. Wayne McAtee, both of Klamath Falls.

Mrs. Strom died Friday morning following a long illness. Dr. McAtee had been with his sister for three weeks before her death and will remain in Pendleton until next week. Mrs. Strom lived in Klamath Falls for a period of about three years, leaving here in 1945.

Funeral services will be held at 2 p. m. Monday in the Pendleton Methodist church.

Birth Record Tops Deaths

LAKEVIEW, Dec. 13—The birth record in Lake county so far through 1947 has exceeded the death rate by four to one, it was announced this week by Dr. Joycelin Robertson, county health officer.

Last week the number of births passed the 200 mark for the year (now 204), and for the same period the number of deaths was 51. Over the state as a whole, through October, births exceeded deaths by nearly three to one, according to the Oregon Health Bulletin.

Girl Killed In Auto Accident

EUGENE, Dec. 13 (AP)—A 17-year-old girl was dead and one companion was in a hospital with serious injuries today following an automobile skid on the Pacific highway north of here yesterday.

The victim was Sylvia Honka of Otis. Hospitalized is Robert W. Robinson, 20, Ocean Lake. The third passenger, Leroy Whittington, 24, seaman first-class from Eugene, was only slightly hurt.

Whittington said the couple had picked him up near Junction City. He said the car, in passing a truck, hit the gravel shoulder on the left side of the highway, spun into the ditch and was hurled 25 feet from the highway.

Small craft warnings were hoisted at the same time for the inland waters of Washington until 4:30 p.m. today for fresh to occasionally strong winds.
