

Christmas Ship Drive Opens Here

Klamath county is expected to do its part in the loading of the Christmas ship, laden with food for four European countries — Greece, Austria, Germany and Italy — gift of the people of Oregon, Idaho, Montana, Washington and Alaska.

The ship will carry 10,000 tons of food which will provide for 200,000 persons for a period of four months, taking them through the bitter winter months ahead. The Christmas ship will sail from Seattle the day after Christmas, docking at Portland for additional cargo, and then starting on its merry errand.

Fleet Chairman
Fred E. Fleet, well known Klamath Falls business man, has been named general chairman of the Christmas ship committee. It was announced by Mayor Ed Ostendorf.

Fleet said today that the Junior Chamber of Commerce has accepted sponsorship of the project and co-ordinator of the program is Earl Kent.

Because of specific need in stricken areas, plus the problems of handling, only the following items are accepted: canned milk, canned meats, canned fish, canned poultry, canned baked beans, canned chili, canned fats, case lots of macaroni, spaghetti, noodles, and sugar and flour in 50 or 100-pound sacks.

Only full cases of single items can be shipped. The workers here have been advised, and Fleet and Kent said today that this means that honey donations would probably be easier for Klamath folks to give. Single cans, or any amount of food under a full case, cannot be accepted according to the rules of those who organized the Christmas ship.

Money Donations
Money donations may be left in the office of Mayor Ostendorf at the city hall, and the clearing house for case goods, which may be left there afterwards, is at the Salvation Army hall on Klamath avenue. If organizations wish to buy case goods or donate money, they may do so at their own discretion. This also ap-

Tragedy Strikes On Birthday

PORTLAND, Dec. 17 (AP)—It was Walter Soucie's 48th birthday and he spent it in a fruitless quest for work.

He didn't know it as he started home yesterday but a job offer—his first in months—awaited him there and his wife and three children were preparing a birthday party.

When eight blocks from home, he was struck by a freight switch engine and died instantly.

Helena Hit By Strong Temblor

HELENA, Mont., Dec. 17 (AP)—An earthquake of about eight seconds duration, accompanied by a loud roar, rudely awakened residents of the Montana capital city of some 18,000 persons at 5:38 a. m. (MST) this morning. No damage was reported.

A policeman said the tremor "felt and sounded just like riding on a train."

It was Helena's 288th "quake" since 1935, when several persons were killed and extensive damage was caused.

Temperature Below Normal

By The Associated Press
Another cold wave was headed into parts of the chilled Midwest today as temperatures remained below normal in most of the central

and southern sections of the country. Today's coldest weather was in North Dakota and Minnesota, with the nation's lowest reading 2 below, reported at Pembina, N. D. Yesterday's lows in Minnesota were 16 below. Across the Canadian border at Winnipeg the mercury dropped to 17 below and federal forecasters said the colder weather would move into parts of the Midwest tonight. New falls of snow were forecast to accompany the fresh mass of cold air.

Light snow was reported in scattered sections of the country with falls in Washington, Oregon, Michigan, Wisconsin, Minnesota, Illinois, Ohio, New York and Missouri.

Although temperatures in most sections of the South were below normal yesterday, Miami reported a high of 85 as compared to 66 at Tampa.

BIDS
PORTLAND, Dec. 17 (AP)—Bids for constructing a breakwater and shore wing for a small boat basin at Yaquina bay will be sought this week, the corps of engineers reported today.

Bids will be opened January 13 and the successful bidder will have 180 days to complete the work.

No Call For Suit Says Husband
BALTIMORE, Dec. 17 (AP)—Albert Emlitzer today asked the court to dismiss the \$25,000 damage suit which Patricia Cornell brought against him last spring after she had been injured while riding with him in his car.

Emlitzer contends she cannot legally sue him now. They were married in June.

HERE'S HOW THE KENMORE Motor-Driven BRUSH CLEANER OPERATES

BEATS

Suction lifts the rug off the floor. The revolving brush beats the rug on a cushion of air. Gets out the deeply imbedded germs—and grit and sand that cut the nap.

BRUSHES

The revolving brush sweeps the surface, and the dirt is brought to the surface by the gentle but thorough beating action. Note the brush adjusts itself to the thickness of the particular rug it's cleaning.

BANISHES

The super-powered 1/2 H.P. electric motor sucks up all the dirt, and only the dirt, into the easy-to-empty filter bag. Rugs are cleaner and last years longer.
